U.S. Ready To Get Tough In Dealing with Castro

Democrat Leads In Dakota Poll

FARGO, N.D. (AP) — Democratic Rep. Quentin Burdick hung on to his lead today with only a few precincts remaining to be counted in the special North Dakota senatorial election.

With just 10 precincts still out, virtually all of them in sparsely populated western areas, Burdick held a 762-vote lead over Republican Gov. John Davis, who led for nearly 24 hours in the vote counting.

With 2,304 of 2,314 precincts counted the unofficial total showed:

Burdick with 104,161 and Davis 103,399.

It was an election scrutinized closely by both parties as a possible indicator of Midwest farm sentiment in a presidential election year.

It wasn't until late Wednesday, almost 24 hours after the polls closed, that Burdick forged into a slim lead—a margin that narrowed slightly as the vote-counting ended for the night. Davis had led in the early counting by as much as 8,000 votes.

Burdick, 52, a freshman congressman who became North Dakota's first Democratic representative in 1958, flew back to Washington Wednesday night.

"I'm not very sure of this one," Burdick said. "I want to see all the figures."

The State Canvassing Board must meet within 20 days of the election to compile final figures audited by county canvassing boards. Until then, neither man can ask for a recount.

Burdick said he hasn't even thought about a recount; Davis said "It will depend upon any irregularities we might hear about in the counties. So far we haven't heard of any, but some might turn up."

Cuban Chief Not Impressed By Diplomacy

Grab of Refinery May Be Followed by Seizure of Utility

WASHINGTON (AP) — U.S. strategists were reported ready today to adopt a harder policy of action against the Fidel Castro regime.

They have become convinced that the United States has passed the point of no return in trying to settle disputes with the Cuban Prime Minister through normal means. Diplomacy and words, soft or harsh, have bounced off him with no effect.

What precise action the United States will take depends on the time and circumstance.

One plan under serious consideration is to cut down on the U.S. sugar subsidies which Castro officials say enslave Cuba, and use the money to pay claims of Americans whose property has been seized by the Castro regime.

House action was scheduled today on an administration-backed bill which would give the President power to slash the Cuban sugar quota.

Over the longer range, U.S. authorities looked for possible action by the 21-nation Organization of American States to curb Castro.

But OAS action would require a larger degree of support than U.S. authorities figure would be forthcoming from the other Latin-American countries at this time.

One important factor is the length to which the Communists are willing to go to uphold their Caribbean beachhead.

U.S. experts figure Castro could fall of his own weight without outside help. If Moscow goes all out to support Castro, including signing a military pact, these experts believe Latin-American opinion will more easily crystallize to the point of supporting joint OAS action.

Canny Old HST Takes Spotlight

By THE ASSOCIATED PRESS

A canny old politician, Harry S. Truman, dominated the political news today simply by announcing that he wouldn't attend the Democratic National Convention in Los Angeles.

Truman's announcement that he was withdrawing from Missouri's convention delegation came as a surprise to Washington, which speculated what his action meant.

The former president assured himself of further headlines by refusing to say why he did it. He said he'd tell all at a Saturday news conference in Independence, Mo.

Truman has been an ardent backer of Sen. Stuart Symington, his fellow Missourian, for the Democratic presidential nomination. Symington said he is still running hard.

Among the speculative theories: Truman has decided Symington can't make the grade and doesn't want to preside over a hopeless cause in Los Angeles a week and a half from now.

Another: Truman suspects a "deal" is in the making between Symington and Sen. John F. Kennedy of Massachusetts, the front runner for the nomination. As this theory goes, Symington would become secretary of defense in a Kennedy Cabinet, while his delegate strength would rally mainly to Kennedy at the convention and perhaps put Kennedy over the top.

Backers of Sen. Lyndon B. Johnson of Texas hoped Truman would switch his support to Johnson.

Other political developments:

Congressional leaders decided they would recess Congress at the end of this week, and come back again after the conventions. This releases Johnson, Kennedy and Symington to go to Los Angeles and get in what licks they may before the convention starts.

At the governors conference in Glacier National Park, Mont., the news again centered around Republican Gov. Nelson A. Rockefeller of New York. While he didn't say he would go out and stump for Vice President Richard M. Nixon, the all-but-nominated GOP presidential candidate, Rockefeller did say he's a Republican and would not bolt the party. But he continued criticism of administration policies, this time in the field of medical care for the aged.

The extraordinary close race in the special North Dakota senatorial election was still up in the air. With 30 outlying precincts still unheard from, Democratic Rep. Quentin Burdick was 569 votes ahead of GOP Gov. John E. Davis.

This election was watched closely in Washington as possibly indicating how the political land lies in the farm belt.

Belgian Congo Handed Over To Africans

LEOPOLDVILLE, Republic of Congo (AP) — King Baudouin handed over the rich Belgian Congo to 13 million Africans today with a warning to the new nation to beware of greedy foreign powers.

An artillery battery boomed slowly as the young King proclaimed the independent Republic of Congo, ending 80 years of Belgian rule.

"Your task is immense and you are the first to realize it," Baudouin told the new leaders of the nation one-third the size of the United States.

"The principal dangers which threaten you are: The inexperience in self-government of the populations, the tribal rivalries which have done so much evil in the past and which must not, at any cost, resume, and the attraction which foreign powers ready to take advantage of the least weakness may exercise on certain regions."

President Joseph Kasavubu, speaking after the King, praised Belgium for "not opposing the current of history."

Eighteen months ago,, the rotund little political leader was in jail for his part in riots which caused scores of deaths in Leopoldville.

Both the West and the Communists cheered the new nation. But despite the rejoicing, the path ahead was filled with grave uncertainties.

Fabulously rich in minerals, the vast territory lying astride the equator is pitifully poor in native administrators and educated persons. Only a dozen held posts in the old colonial setup. Millions view independence as something magic that overnight is going to give them everything their Belgian rulers enjoyed.

Representatives of about 60 nations were on hand for the independence celebrations, including U.S. and Soviet delegations.

Robert D. Murphy, former assistant secretary of state, headed a five-man American party as President Eisenhower's personal representative.

Soviet Premier Nikita Khrushchev sent congratulations and said independence for the Congo "dealt another telling blow at the moribund colonial system."

There was one brief incident Wednesday as Baudouin arrived, but it caused little disturbance. A Congolese described by police as demented grabbed the King's sword from the back seat of the open car as Baudouin and President Kasavubu rode by. The man unsheathed the handsome, gold-handled blade and brandished it about. Police seized him and reclaimed the weapon. Witnesses said there was no attempt to harm the King, who appeared unperturbed.

U.S. Officials Give Thought To Resuming Nuclear Tests

WASHINGTON (AP) — U. S. officials are beginning to talk about a possible resumption of nuclear weapons tests if Nikita Khrushchev wrecks the nuclear test ban negotiations at Geneva.

The Soviet Premier's action in pulling Communist bloc delegates out of the disarmament conference, also at Geneva, has led to speculation that he may also upset the test ban talks.

Such action by Khrushchev would at least force President Eisenhower to take a serious look at the U.S. moratorium on weapons testing which has been in force since October 1958.

The United States, Britain and the Soviet Union are negotiating at Geneva for a treaty which would impose a ban on tests under a system of international inspection. Under the U.S.-British proposal, the ban would apply to all experimental explosions of nuclear weapons except small underground blasts. Eisenhower has stated his readiness to maintain a moratorium even on those, pending development of a detection system which would justify covering them also in the treaty.

Washington officials said today the Soviet walkout from the disarmament conference could be duplicated in the nuclear test talks, but they were by no means certain that it would.

Unless Khrushchev has discarded all caution, they said, he must consider the price he would have to pay in an indignant world opinion.

The price relates particularly to the possible resumption of actual testing of new nuclear weapons. By ending the negotiations at Geneva, Khrushchev would destroy the basis upon which all three nuclear powers have refrained from testing explosions and would therefore put himself in the position of forcing Eisenhower to consider starting a new test series.

In fact, the President may have to deal with the issue anyway by this fall. High officials in the Defense Department and Atomic Energy Commission have long been worried about the effect of an unpoliced test moratorium on this country's over-all military position in relation to the Soviet Union.

They say testing is needed for nuclear weapons development and contend this country should not be denied the advantages of testing for a very long period without the protection of an inspection system to make sure that the Soviets are not secretly engaged in underground tests.

U. S. officials believe Soviet strategy probably does not call for the development of new nuclear bombs and warheads beyond those they already possess. But the Soviets, it is believed here, want to prevent the United States from perfecting new weapons for its own arsenal.

Cleveland Rocked by Explosions

CLEVELAND (AP) — Five underground explosions beneath Public Square shook downtown Cleveland Wednesday night. The blasts cut off electric power to nearby buildings, flipped manhole covers into the air and smashed several plate glass windows.

The only injury was to a man who suffered minor cuts from flying glass.

A spokesman for the Cleveland Electric Illuminating Co. predicted all but a few customers would have full service today. Direct current lines were restored about 3½ hours after the blasts.

The explosions were triggered when gas and air — heated by smoldering insulation covering high-power underground cables —came in direct contact with cool air from the street.

Thick black smoke poured from a dozen manholes and flames spouted 15 feet high from one of them.

Vehicles and pedestrians, endangered by the flying manhole covers, were cleared from Public Square. Buses were rerouted for nearly three hours. Sixty extra policemen were assigned to the busy hub of downtown Cleveland.

Police officials said it was fortunate the blasts came an hour after the height of the going-home rush.

Six law students at the Cleveland-Marshall Law School were trapped for 45 minutes in an elevator. It took 20 firemen and several crowbars to free the students, who had been taking a law examination.

Wage Bill Is Debated In House

WASHINGTON (AP) — House Republicans and Southern Democrats battled today to scale down a minimum wage bill regarded by Democrats as a key election year measure.

They sought to reduce both the $1.25-an-hour proposed minimum, and the number of additional workers who would be affected.

The bill is one of three major pieces of legislation to be considered in the House before it recesses Saturday for the national political conventions.

A bill authorizing the President to cut Cuba's sugar quota and an attempt to pass a federal pay raise over an expected presidential veto are the other major items to be disposed of this week.

Congressional leaders abandoned hope Wednesday that they could complete their legislative program before the conventions, and announced plans to return Aug. 8 to renew the session.

The Senate began debate Wednesday night on a controversial measure to permit self-employed persons to set up tax-deductible pension funds. The House passed it last year.

That bill was taken up after the Senate had passed unanimously a bill authorizing federal aid appropriations for primary, secondary and urban roads for the two-year period starting July 1, 1961. The bill was sent to the House for consideration of Senate amendments.

Pert Schoolmarm To Head National Education Group

LOS ANGELES (AP) — A pert schoolmarm who has spared the rod in 27 years of teaching takes over as titular head of the world's largest professional organization Friday.

Miss Clarice Kline will assume the presidency of the National Education Assn. and its 714,000 members on the final day of the NEAs 98th annual convention.

Miss Kline is convinced that high school students are just about the best people there are. She should know; she has taught them 27 years.

"They are smart and poised, they know what they want, and they are aware of their responsibilities," she said in an interview. "I've never had to take a ruler to one yet."

For the next 12 months, Miss Kline will be on leave from her duties as social studies teacher at Waukesha, Wis., High School. She expects to visit all 50 states, as well as Europe, and will log more than 120,000 miles of travel.

Ike Vetoes Bill To Up Salaries

Federal Employe Hike Said 'Indefensible'

WASHINGTON (AP) — President Eisenhower today vetoed a bill to raise the pay of 1½ million federal employes by 7½ per cent. He called the measure "indefensible by any light."

However, Eisenhower left the door open for a smaller hike—what he termed "a modest increase reasonably commensurate with the percentage rise" in the cost of living since the last general pay increase.

Democratic leaders in Congress are planning, however, an attempt to override the President's veto of the 7½ per cent measure.

The House is expected to vote on an overriding attempt Friday.

In his veto message, Eisenhower said:

"This hastily drawn bill violates every concept of fairness, every rule of reason and logic. Were this measure to become law, the already conspicuous, unfairness and discrimination in our antiquated federal pay system would be greatly intensified.

"Instead of making progress — by improving the federal pay structure—we would actually be taking along step backward."

It takes a two-thirds margin of members voting in both the House and Senate to override a veto.

The measure passed in both the House and Senate by more than that margin.

Eisenhower's statement that he would be willing to approve a smaller pay hike, in new legislation, appeared to be a move to rally votes to sustain his veto.

Besides granting approximate 7½ per cent raises to civil service employes, postal workers and Congressional employes, the vetoed bill would have made permanent a 2½ per cent temporary salary hike granted to postal field service employes two years ago. That increase now is scheduled to expire in January.

Eisenhower urged the Democratic controlled Congress to enact new legislation to make that increase permanent.

Marion Girl's Case Heading for Jury

MARION, Ohio (AP)—A jury of eight men and four women was expected to go into deliberation today to decide whether 18-year-old Virginia Marie Napper is guilty of the Easter Sunday rifle-slaying of her father.

The defense completed its case Wednesday. Final statements from the prosecution and defense were scheduled today before the jury retires.

Virginia is accused of slaying her farther, Sylvester Napper, 38, while he slept in bed April 17. She is on trial for second-degree murder.

The defense plea is that she was temporarily insane at the time of the shooting.

Japanese Given Control Of Air Warning System

TOKYO (AP)—A major step toward placing part of the West's Pacific air warning system under Japanese control was announced today by the U. S. Air Force.

Japan's three air defense control centers, covering the entire nation, will be transferred from U. S. to Japanese supervision Friday, the U. S. 5th Air Force said.

Officials said the move still leaves the top echelon of the warning setup in Japan—the combat operations center outside Tokyo—under U. S. control.

Carpet-Tack Thug Believed Held in Akron

AKRON, Ohio (AP)—Police believe they have caught up with the Akron area's "carpet - tack" holdup man, who made his victims remove their shoes and then scattered tacks on the floor to get more time for a get-away.

Carroll Cutright, detective captain, said Royden C. Devoll, 45, of Kent was arrested early today and had admitted a string of holdups going back to the early 1950s.

Cutright said loan companies were robbed in the Akron area, at Bellevue, Girard, Warren, Strasburg, Dover, Wooster, Medina, Wadsworth and other northeastern Ohio cities. Largest of the holdups, Cutright said, was that of credit Finance of Cuyahoga Falls three weeks ago when $2,800 was taken. The carpet-tack technique first appeared in 1957, Cutright of Century Loan Co. here. Cutright said the woman saw Devoll on the street and believed him to be the man who robbed Century Loan on March 23 and May 17.

Devoll had no previous arrests and holds a responsible position with a Kent industrial company, Cutright said.

60 Miles of N-S Freeway Opened

COLUMBUS, Ohio (AP)—More than 60 miles of the new Ohio North-South Freeway open today, giving motorists a nearly unbroken route of limited access highway from north of Columbus to near Cleveland.

The only breaks are an eight-mile stretch west of Sunbury and Galena in Delaware County, between U.S. 36 and Ohio 61, which will not be ready for traffic until Aug. 30, and a portion of the route north of Medina and southeast of Cleveland in Cuyahoga County to link up with completed portions from Painesville east to Conneaut, which has not yet been mapped for construction.

GOP Solons Oppose Recess

Dem Move Is Labeled 'Politically Inspired'

WASHINGTON (AP) — House Republicans voted unanimously today to oppose the Democratic plan for Congress to recess this weekend and return to work in August after the national political conventions.

Rep. Charles B. Hoeven (R-Iowa) announced the GOP stand after a party caucus.

He called the recess proposed by House Speaker Sam Rayburn (D-Tex) and Senate Democratic Leader Lyndon B. Johnson of Texas "just a politically inspired move."

"There is still plenty of time to complete the public's business," declared Hoeven, spokesman for the caucus.

Johnson, in comment on the House GOP action, said "these folks are day dreaming" if they think Congress could finish its work before the conventions.

"It sounds like they don't want a (legislative) program," he added. "They know their own members won't let you pass one."

Johnson said it also sounded "rather partisan" since some Democrats in Congress serve on their party's national convention platform committee which is to start work in Los Angeles Tuesday.

Republican senators also talked over the recess plan at a caucus but took no stand as a group.

However, two GOP senators told newsmen that a show of hands produced about a 2-1 margin against the recess idea.

The Senate Republican leader, Sen. Everett M. Dirksen of Illinois, supported Johnson's recess stand Wednesday.

Since all members of the House must run for re-election, if they are to remain in Congress, there is greater collective sentiment there than in the Senate for getting back home to political fence-mending duties.

Only one - third of the senators need face the voters at the ballot boxes this year.

Going to Hell? Try Paradise Visit, Too

LANSING, Mich. (AP) — A Montreal woman asking directions to Hell, Mich., was counseled today to visit Paradise as well.

Mrs. E. Cartmell wrote the State Highway Department, explaining she planned a visit to the Detroit area and "we thought it would be fun to be able to say we had been to Hell."

The department responded by mailing a marked map showing the location of Hell, a tiny unincorporated community.

"To complete your trip you might also visit Paradise in upper Michigan," suggested John Takacs in an accompanying message.

Auto License Money Tops $5½ Million

COLUMBUS, Ohio (AP) — Ohio counties and townships will get more than 5½ million dollars in the second distribution of 1960 auto license money.

The distribution reported by State Auditor James A. Rhodes gives counties $3,620,473 and townships $2,011,374.

The distribution boosts the total for this year's auto tag money to 40 million dollars, compared with a total of just under 40 millions last year at this time.

Khrush Given Cool Reception On Visit to Neutral Austria

VIENNA, Austria (AP)—Soviet Premier Nikita Khrushchev arrived in neutral Austria for a nine-day state visit today and got a cool reception. Except for a small contingent of Communists, the response was apathetic.

About 6,000 persons were at the Soviet War Memorial as Khrushchev's motorcade swept into the center of the city from the airport. Most of the crowd just stood and stared. A knot of about 200 Austrian Communists sent up a thin cheer but Khrushchev may not have heard or seen them. They were lined up on the far side of the street as he sped by ina closed car.

Some customers at sidewalk tables of nearby coffee houses didn't bother to look up from their newspapers as the motorcade pulled up in front of the Imperial Hotel, where Khrushchev is staying. In general the average citizen appeared bored.

Khrushchev's Austrian visit is expected to be all smiles and talk of peaceful coexistence.

The Soviet Premier and his party of more than 80 persons were met at Vienna's Schwechat Airfield by President Adolf Schaerf, Chancellor Julius Raab and other top Austrians.

The Russians in Moscow were saying that Khrushchev's visit would show the world that Communist and capitalist states can live in peaceful coexistence.

The Austrians were intent on making sure that Khrushchev would irritate nobody in the West or make anti-Western propaganda. They planned the full tourist treatment for him—visits to the opera and Hapsburg palace, trips through the Alps and to Salzburg, the music festival city.

U.S. Officials Give Thought To Resuming Nuclear Tests

WASHINGTON (AP) — U. S. officials are beginning to talk about a possible resumption of nuclear weapons tests if Nikita Khrushchev wrecks the nuclear test ban negotiations at Geneva.

The Soviet Premier's action in pulling Communist bloc delegates out of the disarmament conference, also at Geneva, has led to speculation that he may also upset the test ban talks.

Such action by Khrushchev would at least force President Eisenhower to take a serious look at the U.S. moratorium on weapons testing which has been in force since October 1958.

The United States, Britain and the Soviet Union are negotiating at Geneva for a treaty which would impose a ban on tests under a system of international inspection. Under the U.S.-British proposal, the ban would apply to all experimental explosions of nuclear weapons except small underground blasts. Eisenhower has stated his readiness to maintain a moratorium even on those, pending development of a detection system which would justify covering them also in the treaty.

Washington officials said today the Soviet walkout from the disarmament conference could be duplicated in the nuclear test talks, but they were by no means certain that it would.

Unless Khrushchev has discarded all caution, they said, he must consider the price he would have to pay in an indignant world opinion.

The price relates particularly to the possible resumption of actual testing of new nuclear weapons. By ending the negotiations at Geneva, Khrushchev would destroy the basis upon which all three nuclear powers have refrained from testing explosions and would therefore put himself in the position of forcing Eisenhower to consider starting a new test series.

In fact, the President may have to deal with the issue anyway by this fall. High officials in the Defense Department and Atomic Energy Commission have long been worried about the effect of an unpoliced test moratorium on this country's over-all military position in relation to the Soviet Union.

They say testing is needed for nuclear weapons development and contend this country should not be denied the advantages of testing for a very long period without the protection of an inspection system to make sure that the Soviets are not secretly engaged in underground tests.

U. S. officials believe Soviet strategy probably does not call for the development of new nuclear bombs and warheads beyond those they already possess. But the Soviets, it is believed here, want to prevent the United States from perfecting new weapons for its own arsenal.

Cleveland Rocked by Explosions

CLEVELAND (AP) — Five underground explosions beneath Public Square shook downtown Cleveland Wednesday night. The blasts cut off electric power to nearby buildings, flipped manhole covers into the air and smashed several plate glass windows.

The only injury was to a man who suffered minor cuts from flying glass.

A spokesman for the Cleveland Electric Illuminating Co. predicted all but a few customers would have full service today. Direct current lines were restored about 3½ hours after the blasts.

The explosions were triggered when gas and air — heated by smoldering insulation covering high-power underground cables —came in direct contact with cool air from the street.

Thick black smoke poured from a dozen manholes and flames spouted 15 feet high from one of them.

Vehicles and pedestrians, endangered by the flying manhole covers, were cleared from Public Square. Buses were rerouted for nearly three hours. Sixty extra policemen were assigned to the busy hub of downtown Cleveland.

Police officials said it was fortunate the blasts came an hour after the height of the going-home rush.

Six law students at the Cleveland-Marshall Law School were trapped for 45 minutes in an elevator. It took 20 firemen and several crowbars to free the students, who had been taking a law examination.

Ike Vetoes Bill To Up Salaries

Federal Employe Hike Said 'Indefensible'

WASHINGTON (AP) — President Eisenhower today vetoed a bill to raise the pay of 1½ million federal employes by 7½ per cent. He called the measure "indefensible by any light."

However, Eisenhower left the door open for a smaller hike—what he termed "a modest increase reasonably commensurate with the percentage rise" in the cost of living since the last general pay increase.

Democratic leaders in Congress are planning, however, an attempt to override the President's veto of the 7½ per cent measure.

The House is expected to vote on an overriding attempt Friday.

In his veto message, Eisenhower said:

"This hastily drawn bill violates every concept of fairness, every rule of reason and logic. Were this measure to become law, the already conspicuous, unfairness and discrimination in our antiquated federal pay system would be greatly intensified.

"Instead of making progress — by improving the federal pay structure—we would actually be taking along step backward."

It takes a two-thirds margin of members voting in both the House and Senate to override a veto.

The measure passed in both the House and Senate by more than that margin.

Eisenhower's statement that he would be willing to approve a smaller pay hike, in new legislation, appeared to be a move to rally votes to sustain his veto.

Besides granting approximate 7½ per cent raises to civil service employes, postal workers and Congressional employes, the vetoed bill would have made permanent a 2½ per cent temporary salary hike granted to postal field service employes two years ago. That increase now is scheduled to expire in January.

Eisenhower urged the Democratic controlled Congress to enact new legislation to make that increase permanent.

Wage Bill Is Debated In House

WASHINGTON (AP) — House Republicans and Southern Democrats battled today to scale down a minimum wage bill regarded by Democrats as a key election year measure.

They sought to reduce both the $1.25-an-hour proposed minimum, and the number of additional workers who would be affected.

The bill is one of three major pieces of legislation to be considered in the House before it recesses Saturday for the national political conventions.

A bill authorizing the President to cut Cuba's sugar quota and an attempt to pass a federal pay raise over an expected presidential veto are the other major items to be disposed of this week.

Congressional leaders abandoned hope Wednesday that they could complete their legislative program before the conventions, and announced plans to return Aug. 8 to renew the session.

The Senate began debate Wednesday night on a controversial measure to permit self-employed persons to set up tax-deductible pension funds. The House passed it last year.

That bill was taken up after the Senate had passed unanimously a bill authorizing federal aid appropriations for primary, secondary and urban roads for the two-year period starting July 1, 1961. The bill was sent to the House for consideration of Senate amendments.

Pert Schoolmarm To Head National Education Group

LOS ANGELES (AP) — A pert schoolmarm who has spared the rod in 27 years of teaching takes over as titular head of the world's largest professional organization Friday.

Miss Clarice Kline will assume the presidency of the National Education Assn. and its 714,000 members on the final day of the NEAs 98th annual convention.

Miss Kline is convinced that high school students are just about the best people there are. She should know; she has taught them 27 years.

"They are smart and poised, they know what they want, and they are aware of their responsibilities," she said in an interview. "I've never had to take a ruler to one yet."

For the next 12 months, Miss Kline will be on leave from her duties as social studies teacher at Waukesha, Wis., High School. She expects to visit all 50 states, as well as Europe, and will log more than 120,000 miles of travel.

Marion Girl's Case Heading for Jury

MARION, Ohio (AP)—A jury of eight men and four women was expected to go into deliberation today to decide whether 18-year-old Virginia Marie Napper is guilty of the Easter Sunday rifle-slaying of her father.

The defense completed its case Wednesday. Final statements from the prosecution and defense were scheduled today before the jury retires.

Virginia is accused of slaying her farther, Sylvester Napper, 38, while he slept in bed April 17. She is on trial for second-degree murder.

The defense plea is that she was temporarily insane at the time of the shooting.

Japanese Given Control Of Air Warning System

TOKYO (AP)—A major step toward placing part of the West's Pacific air warning system under Japanese control was announced today by the U. S. Air Force.

Japan's three air defense control centers, covering the entire nation, will be transferred from U. S. to Japanese supervision Friday, the U. S. 5th Air Force said.

Officials said the move still leaves the top echelon of the warning setup in Japan—the combat operations center outside Tokyo—under U. S. control.

GOP Solons Oppose Recess

Dem Move Is Labeled 'Politically Inspired'

WASHINGTON (AP) — House Republicans voted unanimously today to oppose the Democratic plan for Congress to recess this weekend and return to work in August after the national political conventions.

Rep. Charles B. Hoeven (R-Iowa) announced the GOP stand after a party caucus.

He called the recess proposed by House Speaker Sam Rayburn (D-Tex) and Senate Democratic Leader Lyndon B. Johnson of Texas "just a politically inspired move."

"There is still plenty of time to complete the public's business," declared Hoeven, spokesman for the caucus.

Johnson, in comment on the House GOP action, said "these folks are day dreaming" if they think Congress could finish its work before the conventions.

"It sounds like they don't want a (legislative) program," he added. "They know their own members won't let you pass one."

Johnson said it also sounded "rather partisan" since some Democrats in Congress serve on their party's national convention platform committee which is to start work in Los Angeles Tuesday.

Republican senators also talked over the recess plan at a caucus but took no stand as a group.

However, two GOP senators told newsmen that a show of hands produced about a 2-1 margin against the recess idea.

The Senate Republican leader, Sen. Everett M. Dirksen of Illinois, supported Johnson's recess stand Wednesday.

Since all members of the House must run for re-election, if they are to remain in Congress, there is greater collective sentiment there than in the Senate for getting back home to political fence-mending duties.

Only one - third of the senators need face the voters at the ballot boxes this year.

Carpet-Tack Thug Believed Held in Akron

AKRON, Ohio (AP)—Police believe they have caught up with the Akron area's "carpet - tack" holdup man, who made his victims remove their shoes and then scattered tacks on the floor to get more time for a get-away.

Carroll Cutright, detective captain, said Royden C. Devoll, 45, of Kent was arrested early today and had admitted a string of holdups going back to the early 1950s.

Cutright said loan companies were robbed in the Akron area, at Bellevue, Girard, Warren, Strasburg, Dover, Wooster, Medina, Wadsworth and other northeastern Ohio cities. Largest of the holdups, Cutright said, was that of credit Finance of Cuyahoga Falls three weeks ago when $2,800 was taken. The carpet-tack technique first appeared in 1957, Cutright of Century Loan Co. here. Cutright said the woman saw Devoll on the street and believed him to be the man who robbed Century Loan on March 23 and May 17.

Devoll had no previous arrests and holds a responsible position with a Kent industrial company, Cutright said.

60 Miles of N-S Freeway Opened

COLUMBUS, Ohio (AP)—More than 60 miles of the new Ohio North-South Freeway open today, giving motorists a nearly unbroken route of limited access highway from north of Columbus to near Cleveland.

The only breaks are an eight-mile stretch west of Sunbury and Galena in Delaware County, between U.S. 36 and Ohio 61, which will not be ready for traffic until Aug. 30, and a portion of the route north of Medina and southeast of Cleveland in Cuyahoga County to link up with completed portions from Painesville east to Conneaut, which has not yet been mapped for construction.

Going to Hell? Try Paradise Visit, Too

LANSING, Mich. (AP) — A Montreal woman asking directions to Hell, Mich., was counseled today to visit Paradise as well.

Mrs. E. Cartmell wrote the State Highway Department, explaining she planned a visit to the Detroit area and "we thought it would be fun to be able to say we had been to Hell."

The department responded by mailing a marked map showing the location of Hell, a tiny unincorporated community.

"To complete your trip you might also visit Paradise in upper Michigan," suggested John Takacs in an accompanying message.

Auto License Money Tops $5½ Million

COLUMBUS, Ohio (AP) — Ohio counties and townships will get more than 5½ million dollars in the second distribution of 1960 auto license money.

The distribution reported by State Auditor James A. Rhodes gives counties $3,620,473 and townships $2,011,374.

The distribution boosts the total for this year's auto tag money to 40 million dollars, compared with a total of just under 40 millions last year at this time.

Khrush Given Cool Reception On Visit to Neutral Austria

VIENNA, Austria (AP)—Soviet Premier Nikita Khrushchev arrived in neutral Austria for a nine-day state visit today and got a cool reception. Except for a small contingent of Communists, the response was apathetic.

About 6,000 persons were at the Soviet War Memorial as Khrushchev's motorcade swept into the center of the city from the airport. Most of the crowd just stood and stared. A knot of about 200 Austrian Communists sent up a thin cheer but Khrushchev may not have heard or seen them. They were lined up on the far side of the street as he sped by in a closed car.

Some customers at sidewalk tables of nearby coffee houses didn't bother to look up from their newspapers as the motorcade pulled up in front of the Imperial Hotel, where Khrushchev is staying. In general the average citizen appeared bored.

Khrushchev's Austrian visit is expected to be all smiles and talk of peaceful coexistence.

The Soviet Premier and his party of more than 80 persons were met at Vienna's Schwechat Airfield by President Adolf Schaerf, Chancellor Julius Raab and other top Austrians.

The Russians in Moscow were saying that Khrushchev's visit would show the world that Communist and capitalist states can live in peaceful coexistence.

The Austrians were intent on making sure that Khrushchev would irritate nobody in the West or make anti-Western propaganda. They planned the full tourist treatment for him—visits to the opera and Hapsburg palace, trips through the Alps and to Salzburg, the music festival city.

Workmen Find Old Herald Copy

Two workmen today uncovered a look at the past—a June 1, 1901 edition of The Circleville Daily Herald.

Kenneth McDaniel, 715 Maplewood Ave., and George Rogers, 147½ W. Main St., found the crumbled, yellowed paper behind a stairway in a house they are remodeling across from Tink's Tavern on old Route 23 north.

The commencement ceremonies for the Everts High School Class of 1901 was the featured local story.

Two Teachers Offered Pacts

Circleville Seeks To Fill Vacancies

The Circleville Board of Education recently offered two persons teacher contracts for the 1960-61 school year, according to Superintendent George A. Hartman.

Walter T. Sale, Beattyville, Ky., was offered a contract to teach English in Circleville High School. Herbert Barrett Jr., Paintsville, Ky., was offered a contract to instruct mathematics and consumer education in the high school.

Recent resignations to the school board were sumitted by Mrs. William McGinnis Jr., 838 Atwater Ave.; Gordon Anderson, 900 Lincoln Drive, and Mrs. George D. Young, 300 Northridge Road.

Mrs. McGinnis and Mrs. Young both taught high school English. They are retiring. Anderson taught

HERBERT W. BARRETT JR.

American history in the high school and held positions as faculty manager of athletics and advisor to the Key Club. He plans to seek further schooling.

• • •

IN OTHER faculty changes, Robert D. Ransom Jr., 924 Lincoln Drive, withdrew as Hi-Y advisor to assume the position as faculty manager of athletics.

Frederick Goeglein, 220 Sunset Drive, was shifted to the high school faculty. He returns as Hi-Y advisor and will remain as audio-visual director. He formerly was a member of the eighth grade staff.

Stanley E. Spring, 517 S. Court St., was appointed Key Club advisor.

Monday the school board alloted $400 toward the payment of the Circleville Little and Babe Ruth League director's salary. The City Kiwanis Club provides the balance of the director's $800 salary.

The board also opened all school playgrounds for summer use, including the Franklin-Mound St. elementary school playground.

Sale holds a master's degree in American literature from Columbia University, New York City, N. Y. He has 13 years experience. Sale majored in history and English at Washington and Lee University where he received an AD degree.

Sheriffs, city police forces and the Highway Patrol will be cooperating, Keys added.

Cuban Chief

signaling possible seizure of the Cuban Electric Co., largest remaining American investment in Cuba.

With a marathon cabinet session still in progress after 13 hours, President Osvaldo Dorticos announced the resignation of Communications Minister Enrique Oltuski and his replacement by Raul Curbelo Morales, a virtual unknown.

Oltuski at a news conference two weeks ago accused the electric company—which comes under his ministry's jurisdition—of sabotaging the revolution because it refused to carry out an expansion program after the Castro government cut its rates a third. But informed sources said the regime felt Oltuski had not been aggressive enough in his application of revolutionary policies.

Valued at 300 million dollars, the electric company is half owned by the American and Foreign Power Co.

Oltuski's replacement also could be a preliminary to formal confiscation of the 125-million-dollar Cuban Telephone Co., in which the U.S. International Telephone and Telegraph Co. owns 65 per cent of the stock. But Castro representatives have been in complete control of the telephone company since March 4, 1959, and the last U.S. executive was ousted last February.

Retaliating for the pending U.S. congressional bill to trim Cuba's quota of sugar sales to the United States, the Castro regime stepped up its campaign against American investments by taking over all operations Wednesday of the American-owned Texaco Oil Company, including its 26-million-dollar refinery at Santiago. The oil company indicated its claims for the properties seized may total 50 million dollars.

Texaco, along with Esso Standard of New Jersey, the other American refinery in Cuba, and the British-Dutch Shell Co., had refused to process Soviet crude oil bought from the Soviet Union with Cuban sugar.

Junk Car Dealers Cited into Court

Three area dealers in junked cars were cited into Circleville Municipal Court this week concerning failure to surrender or obtain titles to wrecked autos.

Eddie A. Pritchard, Ashville, and Frank Clay, Route 1, Ashville, were cited by the State Highway Patrol for failure to surrender titles to two cars. Franklin Rhoads, Lynwood Ave., appeared on a charge of failure to obtain a certificate of title.

Each man was fined $50 and costs. The court suspended the fines and costs and ordered probation for one year.

According to the affidavits, state law requires junk car dealers to obtain titles to wrecked cars and to surrender them accordingly to the State Bureau of Motor Vehicles.

Police Groups Hold Meeting

Several items of business were discussed during last night's regular monthly joint meeting of the Fraternal Order of Police and Fraternal Order of Police Associates. The session was held in the lodge rooms of City Hall.

Members discussed posters to be distributed this school year as an aid to children to be aware of strangers. Tentative plans call for pupils through the sixth grade to color the posters as part of a citywide contest.

The FOP and FOPA hope to award a bicycle to the contest winner. Teachers will select the best colored poster in their classes and the police department will handle the final judging.

In other business, members of the police department expressed thanks to the FOPA for the purchase of a 38 caliber pistol reloader device. The reloader is expected to arrive here in the next few days.

• • •

PATROLMAN Richard Blaney will be in charge of the reloader. Chief Robert Temple said plans are in the making for an Open House Pistol Shoot in the fall. The event will be held at the indoor range in City Hall.

Plans to present a new flag to Circleville High School in the fall also were discussed. The flag will be draped in the school auditorium.

City School Calendar Set

The Circleville Board of Education today announced the calendar of events for the 1960-61 school year.

City schools start September 1. The Labor Day holiday is September 5. Other school holidays are: September 16 — teachers' meeting, no school; October 20 and 21 — Pumpkin Show, no school;

November 11 — Veterans' Day, no school; November 24 and 25— Thanksgiving, no school; December 19 through Jan. 2, 1961 — Christmas vacation; January 20 — end of first semester;

February 13 — celebrate Lincoln's birthday, no school; March 31 — Good Friday, no school; April 3 — no school, celebrate Easter holiday; May 29 — no school, teachers' meeting, and May 30—Memorial Day, no school.

City schools close May 31. There will be 174 official school days, four legal holidays and two teachers meeting, for a total of 180 days.

Linda Bond, 12, daughter of Mr. and Mrs. Lawrence Bond, 131 Pontius Lane, caught her finger in a door at a skating rink.

Nick Stonerock, 18, son of Mr. and Mrs. Garland Stonerock, Williamsport, was hurt when a brush hog fell on his right arm and left leg while working at the Dunlap Co. He received abrasions on his right arm and severe contusions and abrasions on his left leg.

Steelworkers Union To Seek 32-Hour Week

BUFFALO, N.Y. (AP) — The United Steelworkers Union will seek a 32-hour week and retirement at 60 years of age to combat automation, says a union district director, Joseph P. Molony.

He blamed automation for steel layoffs.

About 25,000 steel workers have been idled throughout the country in the current slump.

Driver Faces Three Charges

A Columbus driver cited for three violations was included in Circleville Municipal Court cases yesterday and today.

The accusations were against Billy Goble, 21, Columbus. He was arrested for driving under the influence of intoxicants, driving with no operator's license and driving with no lights.

Goble was fined $125 and costs, sentenced to three days in jail and had his driving rights suspended for six months for intoxicated driving. He also was fined $50 and costs for no operator's license and $25 and costs for no lights.

The motorist was arrested by the sheriff's department.

THREE drivers cited by the State Highway Patrol were:

Gerald Hanley, 55, of 563 N. Pickaway St.; $15 and costs for speeding at 65 miles per hour in a 50 mile zone.

Charles Krekeler, 36, Route 2, Bethel; $24 bond forfeiture for speeding at 75 miles per hour.

Albert S. Wilson, 26, Columbus; $24 bond forfeiture for speeding at 65 miles per hour in a 50 mile zone.

Clyde Taylor, 27, Beallsville, O., forfeited a $29 bond for speeding at 70 miles per hour in a 50 mile zone.

Sheriff Checks House Burglary

A house on the Circleville - Winchester and Marcy Roads, owned by Glenn Seymour of Columbus, was burglarized several days ago, the Pickaway County Sheriff's Department reported today.

Deputy Homer Adams said Seymour lives parttime at the home.

Deputy Adams said missing articles included a set of dishes, a pressure cooker, a jar of coffee, sugar, meat from a refrigerator and silverware.

The deputy said entry was made through a porch window.

Workmen Find Old Herald Copy

Two workmen today uncovered a look at the past—a June 1, 1901 edition of The Circleville Daily Herald.

Kenneth McDaniel, 715 Maplewood Ave., and George Rogers, 147½ W. Main St., found the crumbled, yellowed paper behind a stairway in a house they are remodeling across from Tink's Tavern on old Route 23 north.

The commencement ceremonies for the Everts High School Class of 1901 was the featured local story.

Two Teachers Offered Pacts

Circleville Seeks To Fill Vacancies

The Circleville Board of Education recently offered two persons teacher contracts for the 1960-61 school year, according to Superintendent George A. Hartman.

Walter T. Sale, Beattyville, Ky., was offered a contract to teach English in Circleville High School, Herbert Barrett Jr., Paintsville, Ky., was offered a contract to instruct mathematics and consumer education in the high school.

Recent resignations to the school board were sumitted by Mrs. William McGinnis Jr., 838 Atwater Ave.; Gordon Anderson, 900 Lincoln Drive, and Mrs. George D. Young, 300 Northridge Road.

Mrs. McGinnis and Mrs. Young both taught high school English. They are retiring. Anderson taught

HERBERT W. BARRETT JR.

American history in the high school and held positions as faculty manager of athletics and advisor to the Key Club. He plans to seek further schooling.

IN OTHER faculty changes, Robert D. Ransom Jr., 924 Lincoln Drive, withdrew as Hi-Y advisor to assume the position as faculty manager of athletics.

Frederick Goeglein, 220 Sunset Drive, was shifted to the high school faculty. He returns as Hi-Y advisor and will remain as audio-visual director. He formerly was a member of the eighth grade staff.

Stanley E. Spring, 517 S. Court St., was appointed Key Club advisor.

Monday the school board allotted $400 toward the payment of the Circleville Little and Babe Ruth League director's salary. The City Kiwanis Club provides the balance of the director's $800 salary.

The board also opened all school playgrounds for summer use, including the Franklin-Mound St. elementary school playground.

Sale holds a master's degree in American literature from Columbia University, New York City, N. Y. He has 13 years experience. Sale majored in history and English at Washington and Lee University where he received an AD degree.

Heavy Police Turnout Is Slated for Fourth

COLUMBUS, Ohio (AP)—Every available law enforcement officer will be used in the fight to keep the July 4th weekend traffic toll down, Highway Safety Director J. Grant Keys reports. Keys says he expects enforcement agencies to put as many men on duty as there were during the equally long Memorial Day weekend. Sheriffs, city police forces and the Highway Patrol will be cooperating, Keys added.

signaling possible seizure of the Cuban Electric Co., largest remaining American investment in Cuba.

With a marathon cabinet session still in progress after 13 hours, President Osvaldo Dorticos announced the resignation of Communications Minister Enrique Oltuski and his replacement by Raul Curbelo Morales, a virtual unknown.

Oltuski at a news conference two weeks ago accused the electric company—which comes under his ministry's jurisdition—of sabotaging the revolution because it refused to carry out an expansion program after the Castro government cut its rates a third. But informed sources said the regime felt Oltuski had not been aggressive enough in his application of revolutionary policies.

Valued at 300 million dollars, the electric company is half owned by the American and Foreign Power Co.

Oltuski's replacement also could be a preliminary to formal confiscation of the 125-million-dollar Cuban Telephone Co., in which the U.S. International Telephone and Telegraph Co. owns 65 per cent of the stock. But Castro representatives have been in complete control of the telephone company since March 4, 1959, and the last U.S. executive was ousted last February.

Retaliating for the pending U.S. congressional bill to trim Cuba's quota of sugar sales to the United States, the Castro regime stepped up its campaign against American investments by taking over all operations Wednesday of the American-owned Texaco Oil Company, including its 26-million-dollar refinery at Santiago. The oil company indicated its claims for the properties seized may total 50 million dollars.

Texaco, along with Esso Standard of New Jersey, the other American refinery in Cuba, and the British-Dutch Shell Co., had refused to process Soviet crude oil bought from the Soviet Union with Cuban sugar.

Junk Car Dealers Cited into Court

Three area dealers in junked cars were cited into Circleville Municipal Court this week concerning failure to surrender or obtain titles to wrecked autos.

Eddie A. Pritchard, Ashville, and Frank Clay, Route 1, Ashville, were cited by the State Highway Patrol for failure to surrender titles to two cars. Franklin Rhoads, Lynwood Ave., appeared on a charge of failure to obtain a certificate of title.

Each man was fined $50 and costs. The court suspended the fines and costs and ordered probation for one year.

According to the affidavits, state law requires junk car dealers to obtain titles to wrecked cars and to surrender them accordingly to the State Bureau of Motor Vehicles.

Police Groups Hold Meeting

Several items of business were discussed during last night's regular monthly joint meeting of the Fraternal Order of Police and Fraternal Order of Police Associates. The session was held in the lodge rooms of City Hall.

Members discussed posters to be distributed this school year as an aid to children to be aware of strangers. Tentative plans call for pupils through the sixth grade to color the posters as part of a citywide contest.

The FOP and FOPA hope to award a bicycle to the contest winner. Teachers will select the best colored poster in their classes and the police department will handle the final judging.

In other business, members of the police department expressed thanks to the FOPA for the purchase of a 38 caliber pistol reloader device. The reloader is expected to arrive here in the next few days.

* * *

PATROLMAN Richard Blaney will be in charge of the reloader. Chief Robert Temple said plans are in the making for an Open House Pistol Shoot in the fall. The event will be held at the indoor range in City Hall.

Plans to present a new flag to Circleville High School in the fall also were discussed. The flag will be draped in the school auditorium.

City School Calendar Set

The Circleville Board of Education today announced the calendar of events for the 1960-61 school year.

City schools start September 1. The Labor Day holiday is September 5. Other school holidays are: September 16 — teachers' meeting, no school; October 20 and 21 — Pumpkin Show, no school;

November 11 — Veterans' Day, no school; November 24 and 25— Thanksgiving, no school; December 19 through Jan. 2, 1961 — Christmas vacation; January 20 — end of first semester;

February 13 — celebrate Lincoln's birthday, no school; March 31 — Good Friday, no school; April 3 — no school, celebrate Easter holiday; May 29 — no school, teachers' meeting, and May 30—Memorial Day, no school.

City schools close May 31. There will be 174 official school days, four legal holidays and two teachers meeting, for a total of 180 days.

Mexican Canal Possibility

Nearly 100 years after an American, Robert W. Shufeldt, and a Mexican, Fernandez Lea, studied the possibility of building a Pacific to Atlantic canal across the relatively narrow strip of southern Mexico, the subject has been revived with great interest. Many studies have been made since 1871, when the project was found to be possible but too costly.

All of the surveys made since have ended on the same sour note—the project can be accomplished, but the cost is too great. Now, on the basis of Mexico's roaring prosperity, the cost doesn't appear so large and a new study is being sponsored by Mexico's nationalized oil industry to consider the feasibility of a canal today. The engineer who will make the survey and turn in a report by the end of the year has given a preliminary estimate of $500-600 million.

Most likely sport for the canal is the Tehuan Isthmus, separating the Pacific Ocean and the Gulf of Mexico. Millions would be saved by shipping using a route north of Cuba through the Gulf. Bringing shipping this close to the mainland of North America would benefit the United States as much as Mexico. It could turn the Gulf of Mexico into one of the most important world seaways.

Another important advantage of the Mexican canal could be removal of the Panama Canal from its monopolistic status. There would be far less danger of communist subversion of the Panama Canal, political or real, if it had to compete with another for the heavy traffic. The United States is protected by long-term treaties in its Panama role, but the ease with which Castro's Cuba broke similar agreements without retaliation has given substance to Panama's frequent demands.

Many advantages can be found to a Mexican canal. But the disadvantages still exist. The canal would be approximately 133 miles long, almost three times the length of the Panama Canal and one-third longer than the Suez Canal. Operational costs would be heavy.

As before, the current study will probably come to the conclusion that the canal can be built, but the cost will be enormous. But someday, unless trans-ocean shipping becomes obsolete, Mexico will probably get its canal. A major difficulty will be in interesting outside capital, which has been trickling into Mexico slowly since its unhappy experience with Mexican oil.

Cocktail Party for Teetotaler

By Hal Boyle

NEW YORK (AP)—The only exercise some men get after 40 is climbing on—and falling off—the water wagon.

During these periods of temporary abstinence they avoid their former bottle buddies and usual haunts. They often don't know what to do with themselves. They feel lonely and forgotten as if life were passing them by.

There is a simple, easy cure for such a feeling. They should go to more cocktail parties.

But if you suggest this to them, they exclaim: "What! Go to a cocktail party when I'm on the wagon? Why, I'd be bored to death!"

Actually, they couldn't be wronger. For pure downright malicious pleasure you can't beat the enjoyment possible to a man who goes to a cocktail party as a teetotaler.

When you drink at a cocktail party you are like an animal in a zoo. He doesn't get the whole picture because he's part of the system.

But when you go to a cocktail party stone sober—and stay that way—you are a spectator at the zoo, amusedly looking through the bars as your fellow creatures perform. And, being human, you get a secret satisfaction in seeing other human beings making asses of themselves by acting like monkeys.

You stand apart, like a god on Olympus, quietly munching ant-acid tablets instead of peanuts or canapes, as the orgy unfolds. It is like seeing a play whose plot you know but played by actors who aren't aware of the ending.

At most cocktail parties there is usually a lion of the hour who is being feted. You note how the guests rush up to shake his hand, then grab a drink and run away—so they won't have to listen to him. Five martinis later the lion of the hour has his lonely paw around the shoulder of an imprisoned waiter and is telling him the story of his life.

The guests look like nice normal people when they arrive. Two hours later they look as if they had weathered a hurricane, which is about what they have done.

That sweet young girl, who swam in as pretty as a mermaid, now appears to have crashed into a coral reef. Her golden hair hangs like hemp ropes, and her mascara has melted and run down to mingle with the caviar stains around her mouth.

The dignified middle-aged matron wears the air of a charlady on a bender. "Would anybody mind if I took off my girdle," she giggles, and nobody bothers to tell her she took it off an hour ago and hung it on a floor lamp.

Her pompous husband teeters in a corner, trying to ambush every passing woman under 80. He has the subtlety of a hippopotamus with the mumps.

All the chins that came in held so high now are slack-jawed and sunken. The faces so human are like pagan gargoyles, with jaws endlessly wagging.

The conversation that began in monosyllabic inanities has progressed to polysyllabic absurdities. Each guest is shouting at the top of his voice, and no one is listening — except you. And where are all the bright quips, the clever epigrams? You hear none. But if a man merely remarks, "the reason it didn't rain tonight is because I brought along an umbrella," he says it with an air of owlish wisdom as if it should be carved in bronze.

"Surely I don't talk that way at cocktail parties," you murmur to yourself. But in your heart you know you do. Everybody does—if he isn't on the wagon.

When it is time to go you realize you have in the space of three hours witnessed a segment of the human race regress from civilization down through barbarism and back to the meaningless babble of mankind's forgotten birth.

You reach under the table, shake the host's hand and assure him, "I never had a better time in my life."

It's the truth, too. Nothing gives a man a smugger feeling of total virtue than to attend a cocktail party as a wide-eyed teetotaler.

He has had all the fun. The others will have all the hangovers.

Japan Now Fears China

By George Sokolsky

Prior to 1853, for three centuries, Japan was completely isolated from the rest of the world, except for an annual trading visit of a Dutch ship.

In 1853 Commodore Matthew C. Perry of the United States Navy sailed into Yedo Bay and opened Japan to international trade and commerce.

Japan was governed by a Shogun (a mayor of the palace), the Emperor being a deified nonentity. The United States supported the Emperor against the Shogun. In 1868, a revolution in Japanese government occurred. The Shogunate was abolished; a Parliament (the Diet) was established and a Cabinet responsible to the Diet came into existence.

Commissions were sent to every part of the world to study how other nations conducted themselves and many of the methods employed in other countries. It is interesting to read a statement of Japan's development by Prince Ito who was the architect of the new Japan. He begins:

"I have always been very much in favour of the adoption of the principles of Western Civilization by Japan, and I have been enabled to use my services in the direction of assisting the present progress and transformation in Japan's estate. In the 34 years during which I have held office I have always tried to help, and sometimes even to force on to the antagonistic spirits, measures necessary for the growth of modern Japan.

"From the beginning we realized fully how necessary it was that the Japanese people should not only adopt Western methods, but should also speedily become competent to do without the aid of foreign instruction and supervision. . . ."

What Prince Ito accomplished after 1868 was that Japan became the first Great Power in modern Asia. In 1894-5, Japan challenged the authority of China, fought a war, took Formosa, became suzerain of Korea. In 1904-5, Japan challenged Russia's development in Manchuria, fought a war with Russia, defeated Russia and by the Treaty of Portsmouth gained half of Manchuria, control of the southern end of the Manchurian railroad, gained a foothold in Inner Mongolia.

In 1914, Japan became an ally of the anti - German nations, took from Germany her possessions in Shantung Province, and by a series of political actions, partly by subverting the Anfu Club, the political power in Peking, attempted to set up a suzerainty over China.

Although the United States condoned all of Japan's actions in China, there was nevertheless deep concern in this country because of them. American missionaries and the great Students Strike in 1919 which closed down China tight, not a wheel moving or a shop selling any goods. The strike was to prevent the Chinese government from signing the Paris Treaty. China did not sign.

Anti - Japanese boycotts were recurrent in China and these created antagonism against the United States in Japan because it was generally assumed that the United States and Americans in China instigated these anti - Japanese actions in China.

By 1921, this situation had become so ugly that Americans who lived in the Far East expected a war any day. In 1922, the Washington Conference was held at which many of the outstanding issues between the United States and Japan were believed to have been settled.

Japan, however, faced a very difficult situation, not unlike the present one. Japan is only 20 per cent arable. Its food supply is inadequate for so large a population (currently about 90,000,000). It is very poor in minerals.

It is a land of unbelievable beauty but its people have to work hard to eke out a living. If Japan possessed Manchuria, it would be sufficiently supplied with food, coal and iron to provide for its needs. Therefore, Japan's policy always had it as a goal to own Manchuria.

Japan's best market is the United States but that is an illogical market now. In a former period, Japan sold its silk crop to the United States and purchased its cotton necessities here. However, silk has become a secondary crop, rayon, nylon, and other synthetic products having taken its place.

From an economic standpoint, the sound market for Japan is China, but Japan's trade with Red China is limited. This is particularly important to the Japanese as they realize that the trend of European economic activities will be against them. This is the first time in Japanese history that there has been fear of China, but it is there now.

Try and Stop Me

By BENNETT CERF

DEBORAH KERR and David Niven co-starred in a motion picture some time ago, and discovered that as children in England they had lived within a few miles of each other. While waiting for new scenes to be set up (there is almost as much time spent sitting around and waiting for something to happen in movie making as there is in active service in the army), Miss Kerr and Niven fell to playing an almost-forgotten game with old London music hall gags. Miss Kerr would call out in a cockney accent, "Say something soft and sweet." Niven would oblige with "Rice pudding!" Or Niven would begin, "My father has no nose at all." Miss Kerr, on cue, would exclaim, "Fancy that! How does he smell?" "Awful," Niven would admit.

Fortunately, about this time the director would call, "Everybody on the set," and the game was over.

New Drugs Are Wondrous

By Herman N. Bundesen, M.D.

It's time for our monthly review of advances in the medical field. And there are a number of new drugs and techniques I want to discuss today.

One of the new drugs, Elipten, is designed to produce better control of epilepsy.

The drug is a member of a new chemical series containing anticonvulsant properties. It does not put patients to sleep, but it does control the convulsions that characterize epilepsy.

The drug is reported to be particularly effective when used in conjunction with other anticonvulsants. It has been clinically tested for more than three years and is available only through a doctor's prescription.

Another new drug is Syndecon, the first combined medication containing the new synthetic penicillin. It is designed to combat upper respiratory infections accompanying colds and influenza.

It is available through prescription in tablet and soluble powder form.

A new anti-arthritic and anti-inflammatory analgesic, Arthropan, may prove to be of considerable value in the prolonged treatment of pain in crippling rheumatic diseases.

The drug is reportedly absorbed five times as fast as aspirin. Peak therapeutic blood levels usually are attained in ten to 12 minutes. Equivalent quantities of aspirin, researchers report, usually require more than two hours to attain such blood levels.

New agents are now available for clinical trial in patients with clots in the circulatory system.

Fibrinolysin, a naturally-occuring clot-dissolving enzyme, and streptokimase, an agent which activates the body's own fibrinolysin, are helpful in treating many types of blood clots.

Another new development is the use of a tiny electrode to detect a severe, chronic form of heartburn which sometimes is mistaken for ulcers or heart disease.

The electrode is passed through the nasal passages into the esophagus to a location just above the juncture with the stomach. There it detects pressures on the esophagus and minute changes in acid balance, thereby revealing the true nature of the disturbance.

Question and Answer

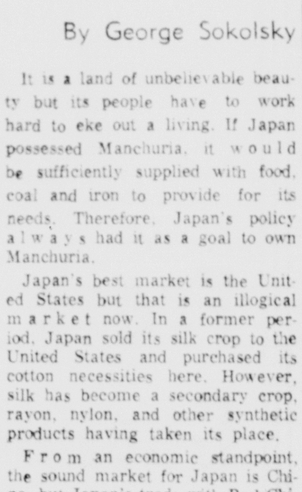
S. A. R.: I am 72 years old and have had a sore on my foot for four years. The doctor now wants to amputate the third toe on this foot, claiming this will facilitate healing of my foot.

May I have your opinion on this?

Answer: A sore on the foot which has lasted four years is usually a form of gangrene associated with hardening of the arteries. Diabetes or other conditions.

Amputation is often necessary in such cases.

BEAUTY HOSTESS — Carole Camp flashes a radiant smile as 1960 "Miss Atlantic City" for the "Miss America" beauty pageant, which makes her hostess for the event. With her in Atlantic City is Phyllis Geraldine, 1959 "Miss Atlantic City."



BACHELOR FATHER—Detroit's "Father of the Year" is Dr. Owen C. Foster, 68, shown feeding Douglas Fox, one of the estimated 8,000 babies he has delivered in the past 40 years as an obstetrician. The only thing is, this guy's no father—he's a bachelor!

The World Today

By James Marlow

WASHINGTON (AP) — New York's Gov. Nelson A. Rockefeller, once a likely prospect for the Republican residential nomination, may wind up as his party's political untouchable of 1960.

At a time when Republicans ache for election year unity he has been sticking harpoons in the Eisenhower administration and Vice President Richard M. Nixon.

This has delighted the Democrats and angered the Republicans who denounced him and rallied behind President Eisenhower and Nixon. But a Republican cold-shoulder hasn't chilled him. He is used to it.

Rockefeller keeps on criticizing. Why? A couple of possible reasons come to mind:

1. He is saying what he thinks because he thinks it needs to be said.

2. He is trying to force Nixon and his party to accept some of his ideas or face loss of his support in the upcoming campaign.

Last Dec. 26 Rockefeller dropped out of the race against Nixon for the Republican presidential nomination. His reason: the Republican leaders around the country had cold-shouldered him.

Later, he said he would accept a draft. But the more he criticizes his own party's leadership, the further away a draft becomes. Nixon as of now is a cinch for the nomination.

Rockefeller says he wouldn't accept the vice presidential spot on the ticket. Yet, if Nixon hopes to win against his Democratic opponent next November, carrying New York seems vital for him.

If Rockefeller's ideas are ignored and he sits on his hands during the campaign, it will be grief for Nixon.

Earlier this month Rockefeller needled Nixon with the charge that he wasn't taking a stand on the issues and that it was about time he did.

He got his come-uppance in a hurry for this one. A Republican congressman, Alvin M. Bentley of Michigan, accused Rockefeller of "political trickery."

Tuesday at the governors' conference in Montana Rockefeller tore into the Eisenhower defense program—and not for the first time—with the complaint it has produced a "paradox of peril."

For this he got the worst insult yet from inside his own party. The Republican governor of West Virginia, Cecil H. Underwood, accused Rockefeller of impropriety and political cowardice.

The West Virginian told a news conference that if Rockefeller wanted to act as he did, he should have continued as a presidential candidate and gone before the Republican party and the people with his views.

None of this seems to affect the New Yorker's speech. Since he seems to be one of the least tongue-tied of American politicians, he may go on criticizing his own people up to convention time—and maybe afterwards.

"I have always been very much in favour of the adoption of the principles of Western Civilization by Japan, and I have been enabled to use my services in the direction of assisting the present progress and transformation in Japan's estate. In the 34 years during which I have held office I have always tried to help, and sometimes even to force on to the antagonistic spirits, measures necessary for the growth of modern Japan.

"From the beginning we realized fully how necessary it was that the Japanese people should not only adopt Western methods, but should also speedily become competent to do without the aid of foreign instruction and supervision. . . ."

What Prince Ito accomplished after 1868 was that Japan became the first Great Power in modern Asia. In 1894-5, Japan challenged the authority of China, fought a war, took Formosa, became suzerain of Korea. In 1904-5, Japan challenged Russia's development in Manchuria, fought a war with Russia, defeated Russia and by the Treaty of Portsmouth gained half of Manchuria, control of the southern end of the Manchurian railroad, gained a foothold in Inner Mongolia.

In 1914, Japan became an ally of the anti-German nations, took from Germany her possessions in Shantung Province, and by a series of political actions, partly by subverting the Anfu Club, the political power in Peking, attempted to set up a suzerainty over China.

Although the United States condoned all of Japan's actions in China, there was nevertheless deep concern in this country because of them. American missionaries and the great Students Strike in 1919 which closed down China tight, not a wheel moving or a shop selling any goods. The strike was to prevent the Chinese government from signing the Paris Treaty. China did not sign.

Anti-Japanese boycotts were recurrent in China and these created antagonism against the United States in Japan because it was generally assumed that the United States and Americans in China instigated these anti-Japanese actions in China.

By 1921, this situation had become so ugly that Americans who lived in the Far East expected a war any day. In 1922, the Washington Conference was held at which many of the outstanding issues between the United States and Japan were believed to have been settled.

Japan, however, faced a very difficult situation, not unlike the present one. Japan is only 20 per cent arable. Its food supply is inadequate for so large a population (currently about 90,000,000). It is very poor in minerals.

It is a land of unbelievable beauty but its people have to work hard to eke out a living. If Japan possessed Manchuria, it would be sufficiently supplied with food, coal and iron to provide for its needs. Therefore, Japan's policy always had it as a goal to own Manchuria.

Japan's best market is the United States but that is an illogical market now. In a former period, Japan sold its silk crop to the United States and purchased its cotton necessities here. However, silk has become a secondary crop, rayon, nylon, and other synthetic products having taken its place.

From an economic standpoint, the sound market for Japan is China, but Japan's trade with Red China is limited. This is particularly important to the Japanese as they realize that the trend of European economic activities will be against them. This is the first time in Japanese history that there has been fear of China, but it is there now.

DEBORAH KERR and David Niven co-starred in a motion picture some time ago, and discovered that as children in England they had lived within a few miles of each other. While waiting for new scenes to be set up (there is almost as much time spent sitting around and waiting for something to happen in movie making as there is in active service in the army), Miss Kerr and Niven fell to playing an almost-forgotten game with old London music hall gags. Miss Kerr would call out in a cockney accent, "Say something soft and sweet." Niven would oblige with "Rice pudding!" Or Niven would begin, "My father has no nose at all." Miss Kerr, on cue, would exclaim, "Fancy that! How does he smell?" "Awful," Niven would admit.

Fortunately, about this time the director would call, "Everybody on the set," and the game was over.

New Drugs Are Wondrous

By Herman N. Bundesen, M.D.

It's time for our monthly review of advances in the medical field. And there are a number of new drugs and techniques I want to discuss today.

One of the new drugs, Elipten, is designed to produce better control of epilepsy.

The drug is a member of a new chemical series containing anti-convulsant properties. It does not put patients to sleep, but it does control the convulsions that characterize epilepsy.

The drug is reported to be particularly effective when used in conjunction with other anticonvulsants. It has been clinically tested for more than three years and is available only through a doctor's prescription.

Another new drug is Syndecon, the first combined medication containing the new synthetic penicillin. It is designed to combat upper respiratory infections accompanying colds and influenza.

It is available through prescription in tablet and soluble powder form.

A new anti-arthritic and anti-inflammatory analgesic, Arthropan, may prove to be of considerable value in the prolonged treatment of pain in crippling rheumatic diseases.

The drug is reportedly absorbed five times as fast as aspirin. Peak therapeutic blood levels usually are attained in ten to 12 minutes. Equivalent quantities of aspirin, researchers report, usually require more than two hours to attain such blood levels.

New agents are now available for clinical trial in patients with clots in the circulatory system.

Fibrinolysin, a naturally-occuring clot-dissolving enzyme, and streptokinase, an agent which activates the body's own fibrinolysin, are helpful in treating many types of blood clots.

Another new development is the use of a tiny electrode to detect a severe, chronic form of heartburn which sometimes is mistaken for ulcers or heart disease.

The electrode is passed through the nasal passages into the esophagus to a location just above the juncture with the stomach. There it detects pressures on the esophagus and minute changes in acid balance, thereby revealing the true nature of the disturbance.

form of gangrene associated with hardening of the arteries. Diabetes or other conditions.

Amputation is often necessary in such cases.

Question and Answer

S. A. R.: I am 72 years old and have had a sore on my foot for four years. The doctor now wants to amputate the third toe on this foot, claiming this will facilitate healing of my foot.

May I have your opinion on this?

Answer: A sore on the foot which has lasted four years is usually a

BEAUTY HOSTESS — Carole Camp flashes a radiant smile as 1960 "Miss Atlantic City" for the "Miss America" beauty pageant, which makes her hostess for the event. With her in Atlantic City is Phyllis Geraldine, 1959 "Miss Atlantic City."

BACHELOR FATHER—Detroit's "Father of the Year" is Dr. Owen C. Foster, 68, shown feeding Douglas Fox, one of the estimated 8,000 babies he has delivered in the past 40 years as an obstetrician. The only thing is, this guy's no father—he's a bachelor!

The World Today

By James Marlow

WASHINGTON (AP) — New York's Gov. Nelson A. Rockefeller, once a likely prospect for the Republican residential nomination, may wind up as his party's political untouchable of 1960.

At a time when Republicans ache for election year unity he has been sticking harpoons in the Eisenhower administration and Vice President Richard M. Nixon.

This has delighted the Democrats and angered the Republicans who denounced him and rallied behind President Eisenhower and Nixon. But a Republican cold-shoulder hasn't chilled him. He is used to it.

Rockefeller keeps on criticizing. Why? A couple of possible reasons come to mind:

1. He is saying what he thinks because he thinks it needs to be said.

2. He is trying to force Nixon and his party to accept some of his ideas or face loss of his support in the upcoming campaign.

Last Dec. 26 Rockefeller dropped out of the race against Nixon for the Republican presidential nomination. His reason: the Republican leaders around the country had cold-shouldered him.

Later, he said he would accept a draft. But the more he criticizes his own party's leadership, the further away a draft becomes. Nixon as of now is a cinch for the nomination.

Rockefeller says he wouldn't accept the vice presidential spot on the ticket. Yet, if Nixon hopes to win against his Democratic opponent next November, carrying New York seems vital for him.

If Rockefeller's ideas are ignored and he sits on his hands during the campaign, it will be grief for Nixon.

Earlier this month Rockefeller needled Nixon with the charge that he wasn't taking a stand on the issues and that it was about time he did.

He got his come-uppance in a hurry for this one. A Republican congressman, Alvin M. Bentley of Michigan, accused Rockefeller of "political trickery."

Tuesday at the governors' conference in Montana Rockefeller tore into the Eisenhower defense program—and not for the first time—with the complaint it has produced a "paradox of peril."

For this he got the worst insult yet from inside his own party. The Republican governor of West Virginia, Cecil H. Underwood, accused Rockefeller of impropriety and political cowardice.

The West Virginian told a news conference that if Rockefeller wanted to act as he did, he should have continued as a presidential candidate and gone before the Republican party and the people with his views.

None of this seems to affect the New Yorker's speech. Since he seems to be one of the least tongue-tied of American politicians, he may go on criticizing his own people up to convention time—and maybe afterwards.

Housewives searching for a safe and sane menu for the Fourth of July weekend can choose from a variety of traditional holiday favorites.

These range in price from hamburger to steak and include such standbys as ham and frying or broiling chicken. Frankfurters and luncheon meats also are frequent specials.

The price gap between hamburger and steak is illustrated in the New York metropolitan area, where one chain offers ground chuck at 69 cents a pound compared with another's sirloin at 79 cents a pound. These prices are up a bit from the 1959 holiday while fryers are about the same.

Steaks are trimmed as much as 20 cents a pound from last week over a fairly wide area. Leg of lamb is marked down in scattered sections but fryers cost more in areas where they're not on the bargain list. Pork chops also are slightly higher in some places.

Traditional fourth of july vegetables and fruit also are on tap. Corn is rated a good buy, while nearby potatoes, watermelons and peaches are outstanding bargains.

Best bets among vegetables are snap beans, beets, cabbage, cucumbers, squash, spinach, radishes and green onions. You can get good buys, too, from broccoli, carrots, cauliflower, eggplant, endive, escarole, lettuce, onions and green peas.

Fruits, too, present a wide choice at this time of year. Besides watermelons and peaches, the outstanding bargain list includes blueberries, cantaloups, limes, plums and bananas.

When George Washington resigned as commander-in-chief of the Continental Army after the Revolution, he appeared for the ceremonies attired only in a plain buff and blue uniform. It carried no military insignia.

Jealous Man Uses Knife To Murder 5

CHICAGO (AP) — Shame and jealousy burst into violence Tuesday night, police said, and resulted in the fatal stabbing of a woman, her male companion and the woman's three young children.

A dishwasher, Raimundo Perez Hernandez, 35, was arrested hours later walking a near North Side street. Police reported he readily admitted the slayings, saying he was ashamed because his former common-law wife left him for another man.

The woman, Maria Gomez Hernandez, 25, was found dead in her apartment of multiple stab wounds. The body of Julio Luyando, 26, lay in a pool of blood in a nearby hallway.

The woman's three children — Rosita Hernandez 2; Carmen Hernandez, 4; and Emma Gomez, 6—were found dead on a bed in Hernandez' nearby apartment. All were fully clothed and had been stabbed repeatedly.

The death weapon, an 11-inch butcher knife, was found tucked in Hernandez' belt when he was arrested, officers said.

Police said Hernandez came from Puerto Rico six years ago and speaks no English.

SHADES OF CALVIN COOLIDGE—In Minot, N.D., for a "Western Barbecue" program, Vice President Richard Nixon (left) was given an Indian headdress by Carl Whitman, an Indian from the Fort Berthold reservation in North Dakota. In a major pre-convention policy statement, Nixon told about 5,000 persons at the barbecue that he favored creation of a United Nations feed-the-hungry program, using world farm surpluses to feed the world's hungry.

Lorain County Areas Outlaw Heavy Trucks

ELYRIA, Ohio (AP)—Four Lorain County communities have ruled heavy trucks—five tons and over—off county roads which they must maintain. The action by Avon, Avon Lake, Sheffield and Sheffield Lake has forced the big trucks to go miles out of their way to use state roads.

The big trucks give pavement a bad beating and officials of the communities say there is not enough money for road improvements. The county engineer shifted the maintenance chores earlier this year because the county was deemed short of road repair funds. The communities don't want the extra cost, either.

Miss Connie Butts Wed To Mr. Jimmy D. Hardman

MRS. JIMMY D. HARDMAN

The sanctuary of the Evangelical United Brethren Church at Laurelville was the setting June 11, for the candlelight wedding of Miss Connie Butts, daughter of Mr. and Mrs. Floyd R. Butts, Laurelville, to Mr. Jimmy D. Hardman, son of Mr. and Mrs. Donald Hardman, Laurelville.

The Rev. Glenn M. Johnson, assisted by the Rev. Wayne Fowler, performed the double ring ceremony in front of the altar decorated with two sets of Candlelabra and palms, with urn of white daisies and gladiolas under a wedding arch of greenery. Tall candle sticks with lighted tapers tied with white satin ribbon and ferns decorated the pews at the center aisle. The family pews were marked with pink satin bows.

Preceding the ceremony a half hour of nuptial music was offered by the Rev. William Streble, vocalist and Mrs. Robert Butts, organist.

Given in marriage by her father, the bride wore a floor length gown of white chantilly type lace over taffeta and tulle, with beaded scooped neckline and long tapered sleeves. The fitted bodice was enhanced with a taffeta sash that extended into a large bow and streamers in the back which cascaded over a chapel train.

Her fingertip veil of silk illusion was held in place by a beaded crown. She wore a single strand of cultured pearls, a gift of the bride groom.

The bride carried a cascade arrangement of white carnations with white tulle, entwined with lily of the valley and white teardrop leave inset with pearls, tied with a white satin bow, the center of her bridal bouquet forming her going away corsage.

Mrs. Therrel Van Curen, sister of the bride, was Matron of honor and the bridesmaids were; Miss Judy Hardman, sister of the bride groom, Miss Karen Sue Karshner and Miss Bonnie Thompson. The attendants wore ballerina length gowns of pink chiffon over taffeta, with fitted bodices, scooped necklines, brief puffed sleeves and bouffant skirts draped with pink satin streamers.

All wore matching bandeaux of double ruffled chiffon set with pearls and oval veil. The Matron of honor carried a cascade arrangement of scattered white carnations, entwined with lily of the valley, white teardrop leaves inset with pearls, pink tulle and pink satin ribbon. The bridesmaids bouquets consisted of a cascade arrangement of scattered pink carnations, pink tulle, entwined with teardrop leaves inset with pearls, and pink satin ribbons.

Teresa Lynn Butts and Cindy Lou Van Curen, nieces of the bride, served as flower girls. They wore identical dresses of pink chiffon over taffeta, with puffed sleeves, slightly scooped neckline and bouffant skirts. Their tiara's were of matching pink chiffon and flowers. They carried straw colored baskets trimmed on the side with a white carnation and a pink satin bow, filled with rose petals which they dropped on the white carpetedaisle in the path of the bride.

Mr. Robert Butts, brother of the bride, served as best man. The ushers were; Wayne Neff and Dale Harris of Chillicothe and Leonard Hardman, brother of the bride groom.

Dear Abby...

By Abigail VanBuren

It's Ignorance with a Halo

DEAR ABBY: Are there no social graces when it comes to paying a condolence call?

Recently we lost a loved one. For weeks our home was filled with people who, I am sure, meant well. But here was conversation of every sort going on, and a kitchen full of laughing women. Do you think this showed the proper respect for the one whose memory we cherished?

MOURNER

DEAR MOURNER: When well-bred friends make a condolence call they simply enter, express their sorrow and then leave. Those who feel that it is their duty to distract or entertain the mourners undoubtedly "mean well", but don't know better. You might call it ignorance with a halo.

DEAR ABBY: I don't have a problem. I have a complaint. Why is it that when people ask a clergyman to officiate at a wedding, christening or even at a funeral service, they alway say, "Please make it short and sweet!"

Most folks are in such a big hurry nowadays they don't even want to take the time required to make a ceremony official. No name please. I have to live in this community.

DISGUSTED

DEAR ABBY: I'd like to know if the nurse or secretary (or whatever those nosy women who work for doctors call themselves) have any business asking questions when someone calls for an appointment.

When I call, she says, "What do you want to see Doctor about?" I tell her it is private and she says, "What seems to be your trouble?" Twice I told her it was none of her business and hung up on her. Now I have to see the doctor. How do I get an appointment without tell that woman everything?

IRRITATED

DEAR IRRITATED: In all probability the nurse wants to know the nature of your complaint so she will know how much time to set aside for your appointment.

(A) Tell the nurse (or secretary) that your business with the doctor is personal and you'd rather not disclose it on the telephone. (B) Leave your number and ask the doctor to call you. (C) Write the doctor a personal note.

"What's your problem?" Write to Abby in care of this paper. For a personal reply, enclose a stamped, self-addressed envelope.

Janet Gulick Feted At Birthday Party

Miss Janet Kay Gulick, 4, was honored at 2 p. m. Monday for her birthday, with a lawn party given by her parents, Mr. and Mrs. Mack Gulick, 716 E. Ohio St.

The birthday cake was decorated in white with pink roses.

Those present were; Vickie and Debbie Isaac, Jeri Murry, Jennifer and Beverly Richardson, Tereasa Mets, Martha Moore, Betty and Judy Gulick.

A swimming party was held following the birthday party.

Joyce Allen To Wed Henry Johnston Jr.

Mr. and Mrs. Merrill H. Allen, 425 E. Mound St. announce the engagement of their daughter, Joyce Ann to Henry Dalton Johnston Jr., son of Mr. and Mrs. Henry Dalton Johnston Sr., Columbus.

Miss Allen is a part time employee of the G. C. Murphy Co. Mr. Johnston is employed at the Lincoln Plastics Corp.

The date of the wedding will be announced later.

If two pans of cookies are baked at one time, allow about five inches between the two oven shelves on which the pans are placed.

A little chocolate - flavored malted milk powder is a delightful addition to a glass of milk whipped with a ripe banana. Small fry and teen-agers like this one!

Womens Republican Club Observes June Rose Tea

Pickaway County Women's Republican Club observed its twelfth annual June rose tea at 2 p. m. Monday in the Scioto Valley Grange Hall.

Many floral arrangements decorated the auditorium donated by; Mrs. L. E. Foreman, Mrs. C. P. Heiskell, Mrs. Channing Vlerebome and Mrs. Sterley Croman. Mrs. A. D. Pettibone and Miss Doris Cook was in charge of registration.

Mrs. Sterley Croman lead the pledge to the flag. After singing America, the Rev. Mr. Robert D. Gruenberg gave the invocation.

Recognition was given to Pickaway County Republican committee men and committee women who were present and to visiting guests from far and near.

Miss Nancy Peart, pantomimist, Columbus, gave a message. Other messages were given from candidates or their wives, speaking in behalf of their husbands. Local candidates and William H. Harsha, Jr., Republican candidate to Congress from the sixth district, were present to give word pretaining to the November election.

Mrs. Katherine Hoyt, Chillicothe, Highland County Republican chairwoman, who will assist Mr. Harsha W. Lucas, president of Highland County Women's Republican Club was present also.

The guest speaker was Mr. Wayne Ward, a former representative to the Ohio Legislature and presently a deputy in the office of state auditor, James A. Rhodes. In boyhood, Mr. Ward was from the tenth congressional district, as was Richard M. Nixon, vice president.

Mrs. Bertha Porter donated the three tier oriental floral arrangement of red roses and blue delphenium which centered the lace covered table in the dining room. Other rose floral arrangements were given by the club president, Mrs. H. O. Caldwell and Mrs. Cecil Ward.

Distinguished guests pouring at the tea table were; Mrs. Donna L. Wagner, member of State Central Committee Women and Mrs. William H. Harsha Jr. Assorted cookies, elephant shaped sugar cookies made from the recipe of Mrs. Dwight D. Eisenhower and chocolate elephants baked from the recipe of Mrs. Richard M. Nixon, were served. Hostesses included members of the executive committee and chairmen of standing committees, served to nearly 100 members.

The Republican Club wish to inform the public that registration will be necessary before citizens shall be permitted to vote in the County in November.

The next meeting of the Pickaway County Club will be a picnic luncheon at 12:30 p. m. July 25 in the Ted Lewis Park shelter house.

DUV To Hold Dinner

Daughters of Union Veterans of Civil War will meet at 6 p. m. Tuesday in Kerns Restaurant.

Mrs. B. M. Wignal and Mrs. David Blue will entertain the group.

Health muffins: You can use 1 cup whole wheat flour and 1 cup white flour in a standard muffin recipe calling for 2 cups of flour.

Christian Home Cancels Meeting

Christian Home Society of Christian Lutheran Church cancels July meeting.

Miss Connie Butts Wed To Mr. Jimmy D. Hardman

MRS. JIMMY D. HARDMAN

The sanctuary of the Evangelical United Brethren Church at Laurelville was the setting June 11, for the candlelight wedding of Miss Connie Butts, daughter of Mr. and Mrs. Floyd R. Butts, Laurelville, to Mr. Jimmy D. Hardman, son of Mr. and Mrs. Donald Hardman, Laurelville.

The Rev. Glenn M. Johnson, assisted by the Rev. Wayne Fowler, performed the double ring ceremony in front of the altar decorated with two sets of Candlelabra and palms, with urn of white daisies and gladiolas under a wedding arch of greenery. Tall candle sticks with lighted tapers tied with white satin ribbon and ferns decorated the pews at the center aisle. The family pews were marked with pink satin bows.

Preceding the ceremony a half hour of nuptial music was offered by the Rev. William Streble, vocalist and Mrs. Robert Butts, organist.

Given in marriage by her father, the bride wore a floor length gown of white chantilly type lace over taffeta and tulle, with beaded scooped neckline and long tapered sleeves. The fitted bodice was enhanced with a taffeta sash that extended into a large bow and streamers in the back which cascaded over a chapel train.

Her fingertip veil of silk illusion was held in place by a beaded crown. She wore a single strand of cultured pearls, a gift of the bride groom.

The bride carried a cascade arrangement of white carnations with white tulle, entwined with lily of the valley and white teardrop leave inset with pearls, tied with a white satin bow, the center of her bridal bouquet forming her going away corsage.

Mrs. Therrel Van Curen, sister of the bride, was Matron of honor and the bridesmaids were; Miss Judy Hardman, sister of the bride groom, Miss Karen Sue Karshner and Miss Bonnie Thompson. The attendants wore ballerina length gowns of pink chiffon over taffeta, with fitted bodices, scooped necklines, brief puffed sleeves and bouffant skirts draped with pink satin streamers.

All wore matching bandeaux of double ruffled chiffon set with pearls and oval veil. The Matron of honor carried a cascade arrangement of scattered white carnations, entwined with lily of the valley, white teardrop leaves inset with pearls, pink tulle and pink satin ribbon. The bridesmaids bouquets consisted of a cascade arrangement of scattered pink carnations, pink tulle, entwined with teardrop leaves inset with pearls, and pink satin ribbons.

Teresa Lynn Butts and Cindy Lou Van Curen, nieces of the bride, served as flower girls. They wore identical dresses of pink chiffon over taffeta, with puffed sleeves, slightly scooped neckline and bouffant skirts. Their tiara's were of matching pink chiffon and flowers. They carried straw colored baskets trimmed on the side with a white carnation and a pink satin bow, filled with rose petals which they dropped on the white carpetedaisle in the path of the bride.

Mr. Robert Butts, brother of the bride, served as best man. The ushers were; Wayne Neff and Dale Harris of Chillicothe and Leonard Hardman, brother of the bride groom.

The brides mother wore a blue lace over taffeta sheath with a a cumberbund, caught at the neckline and waist was rhinestone clips, matching blue accessories, and a corsage of white carnations entwined with white teardrop leaves inset with pearls, tied with a white satin bow.

Barbara Remy returned home from a tour of the eastern states. She visited Washington D. C., Colonial Virginia, going over the Skyline Drive, stopped at Monticello and Ashland (homes of our early presidents). The planned tour left from Columbus by train and was greatly enjoyed by all. Miss Remy won her trip on the "Quiz Book" exam, sponsored by the Temperance League of Ohio, Inc.

Sales Tax Redemptions Running High

COLUMBUS, Ohio (AP)—Ohio has paid out $3,755,705 in sales tax stamp redemptions during the fiscal year which ends Thursday, State Auditor James A. Rhodes reports.

He said this payment was despite a two-pronged effort to cut the cost to the state of redeeming the stamps. The figure was $282,134 less than was paid during the preceding 12-month period.

The Legislature cut the rate of redemption last year from 3 to 2 per cent in an attempt to reduce the expense of redeeming the canceled stamps. At the same time, it did away with the use of prepaid sales tax stamps in connection with the sale of motor vehicles. These changes went into effect July 1, 1959.

At first it appeared the state might save between a million and a million and a half dollars. But, said Rhodes, it underestimated the power of women, particularly those who scoop up tax stamps for the benefit of their church organizations, school groups, hospitals, girl scouts, boy scouts and other such organizations.

The tax stamp savers sent in 9,645 more applications to redeem sales stamps this year than they did last year.

Rhodes listed two factors which made this year's redemption cost lower and last year's payments higher than they otherwise might have been. One was the rush last year to turn in stamps for redemption before the rate was cut on July 1, and the other was the fact that applications for redemption amounting to $232,255 carried over from the 1957-58 fiscal year were paid in the 1958-59 fiscal year.

Old Glory To Get a New Star

By THE ASSOCIATED PRESS

Old Glory gets a new star—for Hawaii—next Monday with all the pomp and circumstance reserved for a beloved grand dame on a very special birthday.

It's a lot different from the first one.

The fact is that no one can say for sure just how the flag of the United States came to be the Stars and Stripes in the first place.

Did the design spring full-blown from the brain of some creative genius among the founding fathers? If it did no one ever stepped forward to take a bow for it.

Or did it evolve from some existing standard? There is enough evidence, real and fancied, to support several schools of thought on the subject. For instance, the tea party school.

When that defiant band of patriots climbed aboard the good ship Dartmouth in Boston harbor the story was that more than a cargo of tea went overboard with them.

They carried back to Boston the ship's flag, the standard of the British East India Company with its 13 alternate red and white stripes and the British Union Jack in the corner.

The same flag, or an identical copy, now known as the Cambridge or Grand Union flag, was raised over George Washington's headquarters outside Boston in 1776 as the national banner.

Naturally, after the Declaration of Independence was signed, the Union Jack on the American flag became intolerable and was changed to 13 stars. Or so the story goes.

Another school detects a similarity between the Star-Spangled Banner and Washington's family coat of arms, a shield bearing two horizontal red stripes and three red stars. The likeness seems strained.

The first documented reference to the Stars and Stripes came on June 14, 1777, when the Continental Congress resolved:

"That the flag of the United States be thirteen stripes alternate red and white, that the union be thirteen stars on a blue field, representing a constellation."

100 YEARS LATER—The Japanese training ship Nippon Maru lies at anchor in New York, where it is visiting with 87 naval cadets and crew in commemoration of the 100th anniversary June 18 of the first Japanese mission to New York. Lower: Radio officer Masao Takano shares a sake toast with a welcoming color guard uniformed circa 1860.

Couple on Trestle Is Killed by Train

IRONTON, Ohio (AP)—A man and woman walking on a railroad trestle yesterday were struck and killed by a passenger train.

Sheriff's deputies identified the man as Donald Eugene Darby, 26, of Ashland, Ky., and the woman as Mrs. Sarah Lou Green, 24, of Catlettsburg, Ky. Darby's body was found on the tracks. Mrs. Green was knocked off the trestle and her body was found 100 feet below.

The engineer of the Norfolk & Western train involved told investigators that he saw the two people walking on the tracks but too late to stop in time. The trestle is located just east of Ironton, near Coal Grove, which is just across the Ohio River from Ashland.

South Point Man Files Plea of Innocent

IRONTON, Ohio (AP)—William L. Sparkman, 34, of Rt. 1, South Point, has pleaded innocent to a first-degree murder charge in the shooting death of Walter (Jack) Moore, 36, a truck dispatcher from Coal Grove. Sparkman's attorney asked a preliminary hearing next Tuesday. Police said the shooting climaxed an argument Monday.

Jasper National Park — 4,200 miles in the heart of the Canadian Rockies — is named for Jasper Hawes, a young fur trapper from Missouri. Little is known of Hawes except he had yellow hair, a winning personality and loved nature.

COLUMBUS, Ohio (AP)—Ohio has paid out $3,755,705 in sales tax stamp redemptions during the fiscal year which ends Thursday, State Auditor James A. Rhodes reports.

He said this payment was despite a two-pronged effort to cut the cost to the state of redeeming the stamps. The figure was $282,134 less than was paid during the preceding 12-month period.

The Legislature cut the rate of redemption last year from 3 to 2 per cent in an attempt to reduce the expense of redeeming the canceled stamps. At the same time, it did away with the use of prepaid sales tax stamps in connection with the sale of motor vehicles. These changes went into effect July 1, 1959.

At first it appeared the state might save between a million and a million and a half dollars. But, said Rhodes, it underestimated the power of women, particularly those who scoop up tax stamps for the benefit of their church organizations, school groups, hospitals, girl scouts, boy scouts and other such organizations.

The tax stamp savers sent in 9,645 more applications to redeem sales stamps this year than they did last year.

Rhodes listed two factors which made this year's redemption cost lower and last year's payments higher than they otherwise might have been. One was the rush last year to turn in stamps for redemption before the rate was cut on July 1, and the other was the fact that applications for redemption amounting to $232,255 carried over from the 1957-58 fiscal year were paid in the 1958-59 fiscal year.

Old Glory To Get a New Star

By THE ASSOCIATED PRESS

Old Glory gets a new star—for Hawaii—next Monday with all the pomp and circumstance reserved for a beloved grand dame on a very special birthday.

It's a lot different from the first one.

The fact is that no one can say for sure just how the flag of the United States came to be the Stars and Stripes in the first place.

Did the design spring full-blown from the brain of some creative genius among the founding fathers? If it did no one ever stepped forward to take a bow for it.

Or did it evolve from some existing standard? There is enough evidence, real and fancied, to support several schools of thought on the subject. For instance, the tea party school.

When that defiant band of patriots climbed aboard the good ship Dartmouth in Boston harbor the story was that more than a cargo of tea went overboard with them.

They carried back to Bostop the ship's flag, the standard of the British East India Company with its 13 alternate red and white stripes and the British Union Jack in the corner.

The same flag, or an identical copy, now known as the Cambridge or Grand Union flag, was raised over George Washington's headquarters outside Boston in 1776 as the national banner.

Naturally, after the Declaration of Independence was signed, the Union Jack on the American flag became intolerable and was changed to 13 stars. Or so the story goes.

Another school detects a similarity between the Star-Spangled Banner and Washington's family coat of arms, a shield bearing two horizontal red stripes and three red stars. The likeness seems strained.

The first documented reference to the Stars and Stripes came on June 14, 1777, when the Continental Congress resolved:

"That the flag of the United States be thirteen stripes alternate red and white, that the union be thirteen stars on a blue field, representing a constellation."

Couple on Trestle Is Killed by Train

IRONTON, Ohio (AP)—A man and woman walking on a railroad trestle yesterday were struck and killed by a passenger train.

Sheriff's deputies identified the man as Donald Eugene Darby, 26, of Ashland, Ky., and the woman as Mrs. Sarah Lou Green, 24, of Catlettsburg, Ky. Darby's body was found on the tracks. Mrs. Green was knocked off the trestle and her body was found 100 feet below.

The engineer of the Norfolk & Western train involved told investigators that he saw the two people walking on the tracks but too late to stop in time. The trestle is located just east of Ironton, near Coal Grove, which is just across the Ohio River from Ashland.

South Point Man Files Plea of Innocent

IRONTON, Ohio (AP)—William L. Sparkman, 34, of Rt. 1, South Point, has pleaded innocent to a first-degree murder charge in the shooting death of Walter (Jack) Moore, 36, a truck dispatcher from Coal Grove. Sparkman's attorney asked a preliminary hearing next Tuesday. Police said the shooting climaxed an argument Monday.

Jasper National Park — 4,200 miles in the heart of the Canadian Rockies — is named for Jasper Hawes, a young fur trapper from Missouri. Little is known of Hawes except he had yellow hair, a winning personality and loved nature.

Russia Is Revisited

Soviet Theme of Equality Goes Sour at University

Editor's Note — To hear the Communists tell it, the Soviet Union is a happy land where every man is your brother. But William L. Ryan, on a return visit to Moscow, found the theme of equality going sour in some places.

By WILLIAM L. RYAN
Associated Press News Analyst

Moscow University today is training the young people who will guide Soviet destinies a generation hence. And it is producing what, to many Westerners, appear to be a generation of snobs.

This applies to the students of Great Russian nationality, from the huge central Soviet state whose Russians dominate the many other nationalities making up the 15-republic Soviet Union.

Often, say foreign graduate students studying in Moscow under exchange arrangements, there is more than a little racial arrogance in the Russian student's makeup.

Frequently a foreign visitor notes his Russian colleague ridiculing a Mongol or some other dark-complexioned student from Soviet Central Asia. Gossip about one incident involving a student from Africa has assumed proportions of a candal.

The incident occurred some months ago at a university dance. Foreign students tell it this way: The Negro wanted to dance with a white Russian girl. She refused him. Later he tried to cut in while she danced with a Russian student. The Russian challenged the Negro to meet him outside. There the Negro was waylaid by a group of Russian students. The beating landed him in a hospital.

The incident may have been more of a student brawl than actual racial antagonism. But it had an effect upon other foreign students. Indeed, it affected their attitude toward the new "People's Friendship University" announced by Soviet Premier Nikita Khrushchev.

This school, scheduled to open in the fall, is to be for African, Asian and Latin American students up to the age of 35. It will offer free tuition and dormitories, living allowances and free travel to and from Moscow. Plans are to open with an enrollment of 500, to be expanded to 5,000 in three years.

This school will be entirely separate from Moscow University's student body, with separate faculties and separate facilities. And it is arousing some resentment among foreign students who say they feel it will be a means of isolating them from the Russian students. Already some are calling it "Apartheid University."

About 1,500 foreign students are studying in Moscow. The great majority are from Asia and the Middle East, about 120 from black Africa. The Soviet student body numbers 14,000, including 5,000 at the university's downtown branch.

The Russian students seem to consider themselves a privileged class. They must be financially privileged to afford this state-run university. The living allowance for a Russian student in the first year is only 250 rubles monthly ($25 at the tourist rate). A student cannot live on that. Since the institution of working one's way through school is virtually unknown, he must get money from home.

The system appears to have produced a social group dedicated to the status quo—keeping things as they are. There seems to be little political restlessness among university students. Lives and activities are fairly well controlled by units of the Komsomols (Young Communist League.)

The attitudes of Russian students have produced adverse reaction from many a student from countries in the underdeveloped world, where communism is most anxious to make an impression. One graduate American student observed that Moscow University will be sending back to that area many a confirmed young anti-Communist.

3 Amish Youths Shun Attorneys

COLUMBUS, Ohio (AP)—"God is our attorney."

This was the reply three Amish youths from Wooster gave when they were asked why they did not want a lawyer to defend them.

The three, Benjamin C. Yoder, David W. Miller and Daniel N. Swartzentruber, all entered pleas of innocent Tuesday in U.S. District Court to violation of the Selective Service Act. Because they were conscientious objectors the three were sent to the Columbus State Hospital to work. When they arrived they refused to work, because, as one of them said, "We still felt we were serving the military."

Judge Mell G. Underwood said a trial date for the three would be set for sometime in July.

Humorist Robert Benchley said there are two classes of travel—"first-class, and with children."

Drifter, 17, Convicted, Sentenced to Death

MIAMI, Fla. (AP) — Dennis Whitney, 17, was convicted Tuesday by a jury of 11 men and a woman of first-degree murder. The death sentence is mandatory. Whitney, a California drifter, admitted seven slayings. He was convicted of shooting to death Arthur Keeler, one of three killings he confessed committing in Florida. He had said earlier he killed four persons in a transcontinental hitchhiking trip.

Teachers Losing Battles in Court

LOS ANGELES (AP)—Teachers are winning more fights in the classroom, but losing more judgments in the courtroom, an attorney says.

The question of what happens when little Johnny hangs one on the teacher's jaw came up for discussion at the annual convention of the National Education Assn.

Richard L. Morgan, an attorney on the NEA's Defense Commission, said the teacher has a legal right to protect himself and to hit back. But, he added, in an increasing number of cases the courts are deciding against the teacher if the parents sue.

Urbana Man Is Shot By Retired Farmer

BELLEFONTAINE, Ohio (AP)—Woodrow, Adams, 33, of Urbana, is in fair condition in Mary Rutan Hospital today after suffering a bullet wound in the upper left leg. Sheriff Fred Forester said Elmer J. Kane, 70, a retired farmer, shot Adams on the front porch of the Kane home near West Liberty, claiming Adams had threatened Kane and his brother, Riley.

Top Producers Give Views On Survival of Movies

HOLLYWOOD (AP)—How can Hollywood retain the crown it has held for 50 years as the film capital of the world?

The men to ask are the real creators of the movie business. Three such are Walt Disney, George Stevens ("A Place in the Sun," "Shane," "Giant") and Mark Robson ("Champion," "My Foolish Heart," "Peyton Place"). All three have recently returned from trips abroad with new insight to the industry's problems.

How do they view Hollywood's plight?

Disney: "We're going through a rough period now, but we've had times of panic before. The thing to do is try to figure how to get out of it."

Robson: "There's no doubt that the picture business is in a terrible state. But it's also true that certain pictures can earn more than ever before."

Stevens: "The picture business is certainly not the same as it was in the days when the big studios ran the town. It never will be the same, either."

What can be done to improve the situation?

Stevens: "I think more time must be taken in making pictures. Too many of them are hastily prepared, shot in a hurry and edited just before the producer has to grab a jet to New York. Writers are expensive, so they're hired for 10 weeks only, then get laid off."

Disney: "We've got to make it more comfortable for people to go to the theater, as well as give them good pictures. Many theaters still have the same seats they had when I started in the business. Many of them have no air conditioning. They've got to gear to the jet age."

Robson: "I would like to see no censorship of films. We're in the same position as the theater; we've got to deal with contemporary matters frankly. I would leave it up to the American public what should be shown.

What can be done about encouraging talent?

Stevens: "This business has always been inhibited about developing new talent. We desperately need new stars, new writers, new directors, plus the men who can make deals and provide enthusiasm—call them producers. Perhaps TV can provide them."

Robson: "The big studios must move into the position where they will make film creators actual partners, not just employes."

Disney: "Producers too often are afraid to take a chance on new people because they want the insurance of recognized names. We've got to gamble more."

Urbana Man Is Shot By Retired Farmer

BELLEFONTAINE, Ohio (AP)—Woodrow, Adams, 33, of Urbana, is in fair condition in Mary Rutan Hospital today after suffering a bullet wound in the upper left leg. Sheriff Fred Forester said Elmer J. Kane, 70, a retired farmer, shot Adams on the front porch of the Kane home near West Liberty, claiming Adams had threatened Kane and his brother, Riley.

Top Producers Give Views On Survival of Movies

HOLLYWOOD (AP)—How can Hollywood retain the crown it has held for 50 years as the film capital of the world?

The men to ask are the real creators of the movie business. Three such are Walt Disney, George Stevens ("A Place in the Sun," "Shane," "Giant") and Mark Robson ("Champion," "My Foolish Heart," "Peyton Place"). All three have recently returned from trips abroad with new insight to the industry's problems.

How do they view Hollywood's plight?

Disney: "We're going through a rough period now, but we've had times of panic before. The thing to do is try to figure how to get out of it."

Robson: "There's no doubt that the picture business is in a terrible state. But it's also true that certain pictures can earn more than ever before."

Stevens: "The picture business is certainly not the same as it was in the days when the big studios ran the town. It never will be the same, either."

What can be done to improve the situation?

Stevens: "I think more time must be taken in making pictures. Too many of them are hastily prepared, shot in a hurry and edited just before the producer has to grab a jet to New York. Writers are expensive, so they're hired for 10 weeks only, then get laid off."

Disney: "We've got to make it more comfortable for people to go to the theater, as well as give them good pictures. Many theaters still have the same seats they had when I started in the business. Many of them have no air conditioning. They've got to gear to the jet age."

Robson: "I would like to see no censorship of films. We're in the same position as the theater; we've got to deal with contemporary matters frankly. I would leave it up to the American public what should be shown.

What can be done about encouraging talent?

Stevens: "This business has always been inhibited about developing new talent. We desperately need new stars, new writers, new directors, plus the men who can make deals and provide enthusiasm—call them producers. Perhaps TV can provide them."

Robson: "The big studios must move into the position where they will make film creators actual partners, not just employes."

Disney: "Producers too often are afraid to take a chance on new people because they want the insurance of recognized names. We've got to gamble more."

U.S. Treasury Uses Black Ink To Close Year

Fiscal Period Ends With Good News, Thanks to Taxpayer

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Thanks mainly to the taxpayers, the U.S. Treasury is using black ink today as it closes its books for the fiscal year.

This is good news to all those who fear further monetary inflation—a mainspring for a rising cost of living, although there are other pressures, too.

Also the Treasury is going to borrow less new money in the coming next six months than in any second half for several years.

This is good news for all others who want to borrow—state and local government agencies, corporations, and individuals. It means there will be less competition for the available funds—and perhaps somewhat easier borrowing terms.

The taxpayers get the major credit for the happier fiscal days in Washington because the Treasury is collecting more from individual income tax returns.

Part of this is because rising prices this year have meant larger tax withholding payments.

And returns filed by individuals have been running higher. Some think this is because of the drive to make taxpayers more conscientious about reporting dividend and interest receipts.

But the Agriculture Department has been doing its bit, too, to help out the Treasury. Because of lower price support spending for corn and unusually heavy export sales of cotton, the Agriculture Department hasn't spent as much recently as earlier it had been expected to.

Although the books won't be tallied for several days yet, it now seems sure that budget revenues for the 12 months ending today will top the January estimate of 78.6 billion dollars, and federal spending will be a bit below the January estimate of 78.4 billion. Most guesses now put a the budget surplus at 500 million dollars or better.

The Treasury late today will announce the terms of its first cash borrowing for the fiscal year starting Friday. The Treasury always has to borrow new money in the last six months of a calendar year because tax payments are slow then. It hopes to repay these borrowings in the fist six months of 1961 when tax payments reach their peak.

Prospects now are for the Treasury to seek about 6½ billion dollars in cash between July 1 and Jan. 1. In the last three years its borrowing in the July-through- to 10½ billion.

If the Treasury taps the money market for four billion fewer dollars this fall and winter, there December period has run closer will be just that much more for other borrowers to divvy up between themselves.

The final days of the congressional session will have a lot to do in determining how much of a Treasury surplus can be expected in the fiscal year. Spending bills are piled high on the log jam in the final days of the session.

And the trend of business from now until next June will play a major role, too. If business is good and incomes are high, individual tax returns will be high. If profits rise, so will corporate income tax payments.

If not—but that's another story.

HELD IN FIVE MURDERS—Melvin Davis Rees, 31, and his wife are shown at jail in Memphis, Tenn., where Rees was arrested in the murders of Mrs. Margaret Harold of near Gambrills, Md., and four members of the Carroll V. Jackson family of Mineral, Va.

Sheriff Gets Honors Today

Sheriff Charles H. Radcliff traveleded to Columbus today to be officially recognized as Ohio's "Outstanding Sheriff of 1959".

The citation is awarded by the Ohio State Aerie, Fraternal Order of Eagles, which is holding its 57th annual Convention at the Neil House in Columbus.

Sheriff Radcliff recently was unanimously named Ohio's outstanding lawman by the Buckeye State Sheriffs Assn. The Order of Eagles based its selection on the association's choice.

Radcliff was invited to the Convention as a special guest. He was slated to receive appropriate honors prior to the official presentation.

Axe-Slayer Tied To Kidnap-Robbery

RAVENNA, Ohio (AP) — Alto Mitchell, 45, held in Cleveland for the axe-slaying of John Rayfield, 32, of Ravenna last week, has admitted he and Rayfield kidnapped and robbed two supermarket employes here last April 15, Patrolman John Summers said.

Summers questioned Mitchell in Cleveland where he is jailed on a first-degree murder charge.

In the supermarket holdup, $3,500 in cash and $2,500 in checks were taken from Charles Fletcher of Stow, manager of the store, as he was preparing to go to a bank. Fletcher and Mary Burgess of Kent, store cashier, were forced to accompany the two holdup men on a 25 - mile ride and were released unharmed in Bedford, an eastern suburb of Cleveland.

The Boy Scout Troop with its leaders, Fred Likens and Mike Hopkins, enjoyed a hiking and camping trip over the weekend.

Their destination was Redbud, where they had supper and stayed over night, and cooked their breakfasts and dinner on Sunday.

Sunday morning, Rev. Vernon Stimpert met with them and conducted a religious service.

They boys participating were John Boggs, Ned Boggs, Bob Meadows, Mike Likens, Rod Davis, Brent Davis, Tom Smith, Jim McVey, Bob Strausbaugh, David Strausbaugh, Joe Rayburn, David Nixon, and David Buchwalter.

Most of the boys passed their fire building, tracking, and hiking tests and will qualify for 2nd class.

David Nixon is working toward being a Senior Patrol Leader.

There was one casualty, Bob Meadows turned his ankle when jumping, and suffered a slight fracture of his foot.

MISS Lettie Brundige left Monday by plane for Baltimore Md., where she spent a week visiting a former roommate, Miss Margaret Henderson, when they were both nurses at Johns Hopkins Hospital there.

Mrs. Millard Heffner, a nurse at Berger Hospital, is at home on vacation at present.

Accompanied by her son-in-law, Mr. Ralph Van Fossen and family, Mr. and Mrs. Heffner spent the weekend visiting Mrs. Heffner's brother, Mr. Wayne Dunkel and family, at Steubenville.

Mrs. Lawrence Kerns and Mrs. Harvey Large accompanied a group of Senior MYF members, when they attended the Institute at Lancaster Camp, on Sunday.

From the Kingston church were: Rosemary Lyons, Nancy Minor, Nancy Carroll, Sue Cloud, Doll Large, Janet Volmer, Jim Wolfe, Bill Large, and Larry Kerns.

Also two members from the Salem Church, Patty Moss and Larry Arnold attended.

Mrs. Blanche Rose, Middletown, visited several days last week with her sisters, Mrs. Ed Hatcher and Mrs. Fred Leasure.

Mr. and Mrs. Dick Leasure, Ricky and Ann, brought Mrs. Rose, then left to visit other relatives, and stopped on Sunday to take her home with them.

Mrs. F. B. Mowery and Lloyd Mowery arrived home Monday evening from a week's visit with James B. Mowery in New York.

Mrs. Tom Ellis and daughter, Cherrie, of Memphis, Tenn., visited from Friday until Tuesday with the Dane Ellises.

Tim Ellis who has been here with his grandparents, remained for a few days more, and will then join his mother and sister and other relatives, for a vacation at Indian Lake.

MRS. E. W. Freshour and Mrs. Otis Runyon were co-hostesses of the Mt. Pleasant Garden Club, Monday evening at the Freshour home.

In the absence of the president, Miss Getrude Senff, the vice-president, Mrs. W. R. Sunderland, presided.

The members answered to roll call by naming their favorite rose.

A nominating committee was appointed composed of Mr. Loring Hill, Mrs. Fred Schiff, Mrs. Robert Rounsley, and Mrs. D. H. Dreisbach.

Plans were made to hold a Garden Club picnic in July.

The flower arrangements were roses placed on a mirror for the dinning table. First place went to Mrs. Marvin Jones, and second place to Mrs. Fred Schiff.

Mr. and Mrs. Allen and son, Terry, from Chillicothe were guests, and entertained the club by showing slides of their rose garden.

The hostesses served a dessert course at the close of the meeting.

The new minister and wife of the Methodist Church, the Rev and Mrs. Prentice Spears, are living temporarily in the Kohberger Apt., until the parsonage is ready for occupancy.

Mr. and Mrs. Raymond Davis entertained them for dinner Wednesday evening.

MR. AND MRS. W. R. Sunderland took their granddaughters, Donna and Jeanette, to their home in Hamilton on Wednesday, after they had sent 10 days visiting here. Their parents are Mr. and Mrs. Don Trueman.

Cadet Maris Jende arrived on Thursday to spend the summer vacation with his parents, Mr. and Mrs. Leonard Jende.

Maris has just finished his first year at U. S. Military Academy at West Point.

John, the eldest son of the Jendes, has just enlisted in the Army for two years, after four years at Ohio University.

Aris, the youngest son, graduated this year from Kingston High School and will attend OU-C this fall. At present, he is employed at the VA Hospital, in Chillicothe.

The Jendes, who were Latvian refugees, have been in this country for 11 years, living on the G. L. Borders farm near Kingston.

Mr. and Mrs. Floyd Senff were here on Tuesday to visit their father, Mr. J. M. Senff, who is quite ill at his home in Kingston.

Mrs. Raymond Davis and four boys, and Mrs. Dwight Davis and 2 children, drove to Gallipolis on Thursday to visit Mrs. Dwight Davis' brother-in-law and sister, Mr. and Mrs. Lowell Fish for the weekend.

On Saturday Raymond and Dwight joined their families there and all returned Sunday evening.

Painter Dies in Fall

CINCINNATI (AP) — A steadying rope on a scaffold snapped and Millard Patrick, 43, a painter, fell to his death from the second floor of a downtown building Wednesday. The rope apparently broke when Patrick and Bill Houser, 22, leaned forward to reach a window sash. Houser saved himself by grabbing the window ledge.

Local Schools Drive Toward Immunization

Program of Total Coverage Starts With Sixth Grade

Sometimes parents wonder: "Why should I have my children immunized against diseases?"

The answer is clear and certain — "Immunization prevents disease and protects lives," the Circleville Board of Health said today.

Here are some figures, drawn from the records of the Ohio Department of Health, that show the effectiveness of immunization:

In 1930, there were 5,116 cases of smallpox in the state. And in 1918, there were more than 10,000. But for nearly a decade now, no cases of smallpox have been reported.

* * *

AS FOR diptheria, there were 17,847 cases reported in 1921, the peak year of the century. That same year the disease claimed 1,075 lives. But in 1958, only 14 cases were reported, with three lives lost.

Comparable figures could be prouced for polio, tetanus, and whooping cough (pertussis).

These dramatic reductions have been due, in large measure, to the widespread practice of immunization. Public health authorities agree that if immunization were abandoned these diseases would return —again taking hundreds, thousands of lives.

That immunization really works was shown a few short years ago in the polio epidemic in Chicago. In the epidemic areas, all too few of the children had had polio shots. The epidemic's back was broken, however, when mass immunization was undertaken.

To be absolutely certain children are protected against dangerous disease, the Ohio Legislature in the 1959 session enacted a law requiring tht proof of immunization be presented before a child enters school.

Nowadays, most children are immunized by their family physicians, beginning shortly after birth. This is important because infants and small children do not have adequate defenses against disease.

* * *

SO IF YOUR children have not been immunized against disease, the time to start is now.

In compliance with the new Ohio law regarding immunization of school children, representatives of Pickaway County Medical Society, Circleville Board of Education, and Circleville City Board of Health have been working toward establishing permanent immunization records for all Circleville school children.

Because the school health records for the first through fifth grades are nearly complete, they are beginning with the sixth grade and will progress upward throughout the schools.

Their aim is to establish an immunization program and work toward minimum immunization for each child in school.

Parents whose children have not received their basic immunization, as required by law, are urged to consult their family doctors. If this is not possible, immunizations will be administered by the Health Department on Mondays and Fridays.

POOR, POOR GIRL — One's heart goes out to Mary Catherine Kaye, 14, as she lies in the hospital in Alexandria, Va. While in a party of 30 tourists from Grand Rapids, Mich., she was stricken with acute appendicitis. This was atop the Washington monument. So she was rushed to the hospital for an operation, and the rest of the party went on to sunny Nassau.

Businessmen Charged With Dumping of Acid

CANTON, Ohio (AP) — Richard Dayton and Carl Sundheimer, owners of C&H Smelting Co., will be arraigned in Municipal Court Friday on charges of dumping sulphuric acid from storage batteries into the street.

A 5-year-old boy, Michael Albert, was injured Monday when he fell from a bicycle. It is alleged he fell into a small pool of the acid. Doctors have not determined if his sight will be impaired. Charges against the two men were filed Wednesday by Stark County Nuisance Inspector Ralph J. Doll.

Ohio Federal Judge's Aide Under Fire

WASHINGTON (AP) — Federal Judge James C. Connell of Ohio's Northern District is coming under surveillance of Congress for refusing to fire a secretary with Teamsters Union ties.

On top of that, testimony before a Senate appropriations subcommittee pointed out the secretary, William Bronstrup, cannot type nor take dictation.

Warren Olney III of the Administrative Office of the U.S. Courts has been told to keep the subcommittee posted on its efforts to get rid of Bronstrup.

Connell, who so far has ignored Olney's appeals regarding Bronstrup, is the same judge whose name came up during the old Senate Rackets Committee's investigation of the Teamsters.

Bronstrup's name also came up in testimony before the Rackets Committee, which disclosed that he worked for a Teamsters pension fund in Cleveland while serving as Connell's secretary.

ERROL'S SON ACTING—Sean Flynn, son of the late famed actor Errol Flynn, is shown making his acting debut in Fort Lauderdale, Fla., where MGM is making "Where the Boys Are."

Bruce Stevenson One of First To Harvest Wheat

Bruce Stevenson, Route 2, probbaly is the first Pickaway County farmer to harvest wheat this summer, according to Donald Rolfe, assistant manager and sales manager of Buckeye Farm Supply, Derby.

Stevenson started his 1960 wheat harvest Monday and delivered the first load to Buckeye Farm Supply on Tuesday. His product tested 61 with 15.7 per cent moisture content.

His load of 165 bushels was Vermillion wheat. Stevenson has an estimated 30 acres of wheat from this particular field that should make 40 bushels or more to the acre.

Rolfe said county and surrounding area wheat harvests should be of adequate quantity. Recent severe rain storms have not damaged wheat crops, according to Rolfe.

Political Appointees Cautioned by Solon

WASHINGTON (AP) — The Senate today was urged to ask future political appointees "to serve so long as the President desires" before it confirms them.

The recommendation came from the Government Operations Committee as a result of a continuing investigation into government policy making by a subgroup headed by Sen. Henry M. Jackson (D-Wash).

Jackson's report said his group had heard testimony that many businessmen, industrialists and other appointees to Cabinet and agency posts often quit before they have time to learn their difficult assignments.

How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook:

Cloudy skies prevailed over the state this morning, but there were no showers being reported.

A weak cold front which pushed into Ohio from the northwest during the night stopped moving as it reached a line parallel to highway U.S. 40. This line will divide the less humid weather over the northern half of the state and scattered showers over the southern counties today.

The weather map shows the front to reach back to the west into Kansas. A low pressure area was attached to the front over Kansas this morning. The low is expected to roll eastward along the front, bringing showers or thundershowers to most sections of Ohio beginning tonight or Friday.

Alfred E. Smith, former governor of New York, liked to visit firehouses as a boy and help polish the engines.

The Campanile of St. Mark's in Venice is a tower 325 feet high. In 1902 it collapsed, but was rebuilt.

Seiberling Company Official To Retire

AKRON, Ohio (AP)—Willard P. Seiberling, secretary of the Seiberling Rubber Co., announced today that he will retire Friday after 39 years with the company.

He joined the company in 1921 as manager of accessories and repair materials sales shortly after his father, F. A. Seiberling, left the Goodyear Tire & Rubber Co., which he founded, to start the company that bears his name.

Willard Seiberling, who was 68 Tuesday, began his industrial career at Goodyear in 1915 and was manager of the company's aeronautics department for four years. He participated in many national and international free balloon races.

Columbus Fisherman Drowns in River Mishap

COLUMBUS, Ohio (AP)—Toney Harrell, 23, of Columbus slipped from a steep bank of the Scioto River while fishing and drowned Wednesday, officials reported. Harrell had gone fishing with two companions below the Mound Street dam south of the Main Street bridge in downtown Columbus. Two onlookers made a futile rescue attempt.

Their aim is to establish an immunization program and work toward minimum immunization for each child in school.

Parents whose children have not received their basic immunization, as required by law, are urged to consult their family doctors. If this is not possible, immunizations will be administered by the Health Department on Mondays and Fridays.

POOR, POOR GIRL — One's heart goes out to Mary Catherine Kaye, 14, as she lies in the hospital in Alexandria, Va. While in a party of 30 tourists from Grand Rapids, Mich., she was stricken with acute appendicitis. This was atop the Washington monument. So she was rushed to the hospital for an operation, and the rest of the party went on to sunny Nassau.

Businessmen Charged With Dumping of Acid

CANTON, Ohio (AP) — Richard Dayton and Carl Sundheimer, owners of C&H Smelting Co., will be arraigned in Municipal Court Friday on charges of dumping sulphuric acid from storage batteries into the street.

A 5-year-old boy, Michael Albert, was injured Monday when he fell from a bicycle. It is alleged he fell into a small pool of the acid. Doctors have not determined if his sight will be impaired. Charges against the two men were filed Wednesday by Stark County Nuisance Inspector Ralph J. Doll.

Ohio Federal Judge's Aide Under Fire

WASHINGTON (AP) — Federal Judge James C. Connell of Ohio's Northern District is coming under surveillance of Congress for refusing to fire a secretary with Teamsters Union ties.

On top of that, testimony before a Senate appropriations subcommittee pointed out the secretary, William Bronstrup, cannot type nor take dictation.

Warren Olney III of the Administrative Office of the U.S. Courts has been told to keep the subcommittee posted on its efforts to get rid of Bronstrup.

Connell, who so far has ignored Olney's appeals regarding Bronstrup, is the same judge whose name came up during the old Senate Rackets Committee's investigation of the Teamsters.

Bronstrup's name also came up in testimony before the Rackets Committee, which disclosed that he worked for a Teamsters pension fund in Cleveland while serving as Connell's secretary.

Bruce Stevenson One of First To Harvest Wheat

Bruce Stevenson, Route 2, probbaly is the first Pickaway County farmer to harvest wheat this summer, according to Donald Rolfe, assistant manager and sales manager of Buckeye Farm Supply, Derby.

Stevenson started his 1960 wheat harvest Monday and delivered the first load to Buckeye Farm Supply on Tuesday. His product tested 61 with 15.7 per cent moisture content.

His load of 165 bushels was Vermillion wheat. Stevenson has an estimated 30 acres of wheat from this particular field that should make 40 bushels or more to the acre.

Rolfe said county and surrounding area wheat harvests should be of adequate quantity. Recent severe rain storms have not damaged wheat crops, according to Rolfe.

ERROL'S SON ACTING—Sean Flynn, son of the late famed actor Errol Flynn, is shown making his acting debut in Fort Lauderdale, Fla., where MGM is making "Where the Boys Are."

Political Appointees Cautioned by Solon

WASHINGTON (AP) — The Senate today was urged to ask future political appointees "to serve so long as the President desires" before it confirms them.

The recommendation came from the Government Operations Committee as a result of a continuing investigation into government policy making by a subgroup headed by Sen. Henry M. Jackson (D-Wash).

Jackson's report said his group had heard testimony that many businessmen, industrialists and other appointees to Cabinet and agency posts often quit before they have time to learn their difficult assignments.

How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook:

Cloudy skies prevailed over the state this morning, but there were no showers being reported.

A weak cold front which pushed into Ohio from the northwest during the night stopped moving as it reached a line parallel to highway U.S. 40. This line will divide the less humid weather over the northern half of the state and scattered showers over the southern counties today.

The weather map shows the front to reach back to the west into Kansas. A low pressure area was attached to the front over Kansas this morning. The low is expected to roll eastward along the front, bringing showers or thundershowers to most sections of Ohio beginning tonight or Friday.

Alfred E. Smith, former governor of New York, liked to visit firehouses as a boy and help polish the engines.

Seiberling Company Official To Retire

AKRON, Ohio (AP)—Willard P. Seiberling, secretary of the Seiberling Rubber Co., announced today that he will retire Friday after 39 years with the company.

He joined the company in 1921 as manager of accessories and repair materials sales shortly after his father, F. A. Seiberling, left the Goodyear Tire & Rubber Co., which he founded, to start the company that bears his name.

Willard Seiberling, who was 68 Tuesday, began his industrial career at Goodyear in 1915 and was manager of the company's aeronautics department for four years. He participated in many national and international free balloon races.

Columbus Fisherman Drowns in River Mishap

COLUMBUS, Ohio (AP)—Toney Harrell, 23, of Columbus slipped from a steep bank of the Scioto River while fishing and drowned Wednesday, officials reported. Harrell had gone fishing with two companions below the Mound Street dam south of the Main Street bridge in downtown Columbus. Two onlookers made a futile rescue attempt.

Jaycee Nine Cops 1st Round Minor League Championship

The Jaycees wrapped up the first round title in the Circleville Little League minors last night with an 11-7 victory over Savings Bank.

In other LL action, the Elks retained first place in the majors as they downed the Herald, 8-2; Third National Bank edged Second National Bank, 13-8, and Lincoln Plastic won a thriller from Ward's Market, 10-9.

The Elks boosted their record to 6-0 behind the pitching of Bobby Dean and eight Herald errors. Only Ken Palmer and Daryl Reichelderfer garnered hits off Gary Hoffman and his reliever, Jim Strous.

The Herald hit Dean for five markers. The Elks scored three in the second stanza without benefit of a hit. Reichelderfer reached first through an error. Jeff Ankrom walked and Ted Herron was on due to an error. All three scored because of errors.

* * *

IN THE SIXTH, the Elks tallied five runs on one single, three errors and a walk. The Herald scored one each in the fifth and sixth innings.

Hoffman absorbed the defeat, walking four and striking out one. Strous issued one free pass and struck out two. Winner Dean walked four and fanned seven with a jumping fast ball.

The Jaycees posted their eighth victory without a defeat to win the first round title. Their closest competitors, Circleville Oil, has lost two games.

Ty Ankrom racked up his fourth win of the year, fanning six and walking five. Tom Cassill was the loser. He was relieved by Mike Young. Between the two hurlers, they walked two and whiffed six.

The Jaycees jumped off to a 4-0 lead before Savings broke the ice with one in the third. Bill Ankrom's mighty nine appeared to be coasting to another rout in the fourth when it rolled up a 10-1 margin.

But Savings rallied in the fifth stanza to notch six runs and narrow the score to 11-7. This is the closest victory of the season for the Jaycees.

* * *

LEADING JC hitters were Ankrom, 3 for 4; John Wright, 2 for 3; Mike Melson, 2 for 3; Tom Tootle, 2 for 2, and Gary Black, 2 for 2. Ankrom, Wright and Tootle had doubles and Weethee poled a triple.

Curl was 3 for 3 for Savings and Cassill smashed a two - bagger. Savings retained a third place tie with a 4-3 slate.

Clutch pitching by Mike Martindale and a sensational one - hand catch by right - fielder Cushing handed Lincoln Plastic its fourth win against three losses and dropped Ward's to a 4-4 record.

Martindale won his second of the year, walking nine and fanning 11. Jim Hall was charged with the loss. He relieved Robert Tootle in the fourth.

Hill walked five and struck out three. Tootle issued five free passes and fanned two. Ward's tallied seven runs in the initial stanza to take a giant 7-2 lead.

Plastic kept pecking away at the margin, scoring three in the third and three in the fourth to take an 8-7 lead. Ward's rallied on Harry Robinson's single and Tootle's double.

* * *

PLASTIC notched two in the fourth to clinch the contest. Top hitters for Ward's were Tootle with two doubles and Good, one, and Jerry Jenkins' two home runs.

Bill Pritchard led Plastic at the plate with 5 for 5, which included a double. Gregg White went 4 for 5 and Jack White had 2 for 3. Doubles were hit by Gregg White, two, Tom Parmer and Jack White. Martindale walloped a triple. Neither team committed an error.

Mark Lindsay scattered seven hits to bring a win to his Third National teammates. John Bowers was the loser. Lindsay fanned four and walked five.

Bowers and reliever Roy Sark walked 12 and struck out eight. Extra base blows for Second National were struck by Sark, a double, and triples by Jimmy Barnes and Jim Lowery.

Dana Bass and M. Lindsay had doubles for Third National. Third National committed six errors to Second National's five.

Today's action includes: Ralston Purina (3-3) against the Elks (6-1) on the Southend Playground at 5:15 p. m.; Blue Ribbon Dairy (1-5) vs. First National Bank (2-5) at 5:15 p. m. on the LL diamond;

* * *

KIWANIS (4-3) faces DuPont (4-2) at 5:15 p. m on the softball diamond, and Derby (1-6) meets Ashville (2-4) at 5:15 p. m.

Tomorrow there are four games. At 5:15 p. m., Rotary (1-5) battles Third National on the Southend Playground; Second National meets Circleville Oil (5-2) on the LL diamond.

Coca Cola (5-2) goes against Purina on the softball diamond. At 7:30 p. m., Chamber of Commerce (4-3) meets Babe Ruth League leader, General Electric (5-2), on the softball diamond.

Indian Rookie Doing Fine as Starting Hurler

Stigman Follows Win Over Yankees with 6-Hitter to Orioles

By THE ASSOCIATED PRESS

Dick Stigman, the rookie who went sour as a reliever, has been nothing but a winner now that the Cleveland Indians have given him another chance as a starting pitcher.

The lanky lefty followed up a four-hit victory over the New York Yankees with a 5-3 job on Baltimore Wednesday night, giving up just six singles as the Indians edged ahead of the Orioles into second place in the American League race.

Cleveland is one percentage point above the Orioles, but the Birds, who have lost three straight, are a half-length ahead in the "games behind" column since they've played more games. They're 1½ games back of first-place New York. The Indians trail by two.

The Yankees stayed with it by whipping Kansas City 10-0 as Roger Maris belted two more home runs and Jim Coates won his 13th straight, nine this season, with a three-hitter.

Last-place Boston defeated Detroit 4-2. Chicago's game at Washington was rained out.

Stigman, who beat the Birds and Jerry Walker (2-1) with a two-run single in the fourth inning, now has a 4-4 record—3-1 as a starter.

Coates, getting his usual support from the Yankees, put away the first low-hit game and second shutout of his somewhat fantastic 15-1 major league career. He walked two, struck out six and allowed nothing but singles.

Clete Boyer also homered for the Yankees, who have scored 104 runs in Coates' 12 starts this season—an average of almost nine runs a game. Both of Maris' homers, each with a man on, came off Ray Herbert (3-8) and upped his major league leading total to 24. He also leads the AL with 62 runs batted in.

Two-run homers by Ted Williams and Russ Nixon ended Boston's latest losing string at five and handed Jim Bunning his fifth defeat in 10 decisions. Williams socked the 504th homer of his career and 12th of the season in the first inning, then singled ahead of Nixon's winning home run in the sixth. Bill Monbouquette (7-7) was the winner.

No one's calling the St. Louis Cardinals cheap, you understand, but they set aside just one locker in the clubhouse for more than half of their pitching staff. It's the one with Lindy McDaniel's name on it.

The lean right-hander has figured in 17 of their 33 victories—saving 14 and winning three. And he's streaking along with an 0.64 earned run average, allowing just three runs in 42 1-3 innings of relief.

The one-time $50,000 bonus kid hung up his seventh consecutive save Wednesday night, nailing rookie Ray Sadecki's second major league victory in a 5-2 decision over Cincinnati that put the Cards back in fourth place in the National League race.

The second place Milwaukee Braves, 2½ games out of the lead, split a doubleheader with the last place Chicago Cubs. The Braves lost the opener 3-2 then won the second game 3-1. First place Pittsburgh and San Francisco were rained out.

Los Angeles tied Cincinnati for fifth place by sweeping Philadelphia 6-3 and 5-2 in a twi-night doubleheader.

Second Coach Resigns Post At Washington

Marvin Merritt, 29, became the second coach to resign from the Washington C. H. High School Athletic Department within two days.

Merritt presented his oral termination Tuesday. His request to be relieved of coaching duties came on the heels of Athletic Director and Head Football Coach Fred Domenico's resignation, accepted by the WCH Board of Education Monday night.

Merritt said his reasons for quiting basically were the same as Domenico's. Domenico said events during the past three years and the outlook for the athletic program were such that he feels he could accomplish none of his aims.

A 1948 graduate of Washington High School, Merritt was head baseball coach, reserve basketball coach and line coach for the grid team the last three years.

* * *

MERRITT said he plans to remain at WCH as a teacher. He conducts courses in science, mathematics and physical education.

His resignation cuts the WCH coaching staff in half, leaving only Gene Millard and William Siemer. Millard is head basketball coach and backfield mentor for the football team. Siemer tutors freshmen groups in football, basketball and track.

Special Night Set at Scioto

July 4 is Freedom Night at Scioto Downs. The management of Scioto Downs has established free admission through Gate No. 2 into the grandstand area for the holiday night.

Post Time for the nine race card on the 4th will be 8:15 p. m., and fans can reserve grandstand seats by calling TEmple 3-1361.

The main event on the nine race program is the $4,000 14 class trot. Early pre-race choice is La Belle, the easy - gaited daughter of Guy Ambassador that currently holds the track trotting mark of 2:03 1-5.

But the big trotting mare, trained and driven by Dick Buxton will have no easy time of it in the feature event. Her toughest opposition figures to come from Chet Lynn Hayes with a record of 1:59 3-5, owned by I. J. Collins of Lancaster, and Miss Coaltown, owned by Ben Falter of Columbus.

Also expected to start are Deacon Dean, Ivanhoe, Kayway, Merrie Chester, Pepper's Joy, Red Blaze, Solo Song and Spud.

Young Card Hurler Proves Jinx to Reds

ST. LOUIS, Mo. (AP)—The St. Louis Cardinals' young Ray Sadecki may not be much of a problem for the rest of the National League but he has become a king-sized headache for the Cincinnati Reds.

Back on June 15 he pitched his first complete major league game and won his first game by holding the Reds to three hits and beating them, 6-0.

Wednesday night, he won his second game. He held the Reds to four hits and beat them 5-2 with a helping hand from Lindy McDaniel in the ninth. The heat and humidity had taken its toll of the 19-year-old youngster.

McDaniel got the Reds out in order after Wally Post opened the ninth with a home run.

Sadecki was only half of a rough combination the Reds faced. The other half was 39-year-old Stan Musial, who had two hits and drove in two runs. The night before Musial had three hits against Cincinnati pitching.

The Reds' troubles with Sadecki weren't their only ones.

It was learned Manager Fred Hutchinson and others in the Cincinnati front office aren't happy because pitcher Jim O'Toole plans to marry Mary Ann Wall Saturday.

The Reds' bosses wanted him to wait until after the season ends but he wouldn't hold still for it because he wants to re-enter college in the fall to finish work toward a degree.

So the wedding will be held Saturday but O'Toole will have to pitch Sunday.

"It's his turn," said Hutchinson.

Circleville Pacer Ends Jinx at Scioto Downs

COLUMBUS, Ohio (AP)—Jerry H., owned by Clarence W. Helvering of Circleville, broke his Scioto Downs jinx by posting his first win of the season Wednesday night in the featured seventh race, a $1,000 Class B pace.

Trained and driven by Jim Mace, Jerry H. broke from the No. 7 post position, moved up to fourth at the half-mile pole and beat Misdemeanor by a length-and-a-half in 2:04.

Jerry H. paid $13.60 to win.

Pro Grid Loop Loses Third Legal Round

NEW ORLEANS (AP) — Halfback Johnny Robinson of Louisiana State has his freedom today from the Detroit Lions after a court battle that a judge called "another round in the sordid fight" for football talent.

Federal Dist. Judge J. Skelly Wright ruled Wednesday an agreement the ace LSU runner and pass catcher signed with the Lions Dec. 2 was not a binding contract.

This left Robinson free to play with Dallas of the new American Football League, a team he signed a contract with after playing in the Sugar Bowl last New Year's Day. Detroit sought a court order to stop Robinson from playing for anyone else.

The ruling dealt the National Football League another severe setback, its third in as many weeks.

A federal judge in Los Angeles released All-America halfback Billy Cannon, Robinson's running mate for three years at LSU from a Los Angeles Rams' contract, and last week Judge Claude Clayton, in Oxford, Miss., ruled the New York Giants had no legal hold in its agreement with All-America fullback Charlie Flowers of Mississippi.

The fight for talent, Wright said in his written decision, "begins before these athletes enter college and follows them throughout their professional careers."

And this battle, he continued, has conditioned the minds and hearts of the athletes involved "to repudiate an agreement the following day or when a better offer comes along."

Kansas Mare Wins Hamilton Handicap

HAMILTON, Ohio (AP)—Monticello June, a 5-year-old bay mare, had a neck and neck battle with two rivals all the way Wednesday night but finished on top in the featured Class C 1-B handicap race at Hamilton Raceway.

Monticello June, owned by Hugh Dennis of Eureka, Kan., and driven by Billy Black, covered the mile in 206 4-5 and paid $10.60.

Illinois Golfer Gets Birdie, Bogey on Hole

EUREKA, Ill. (AP) — Golfer Gordon Linn got a bird and a bogey on the same hole at Kufman Park golf course.

Linn's 5th hole drive Tuesday hit a sparrow flying across the course. That stopped the ball about 150 yards out and he had to take a stroke over par to finish the hole. The sparrow was killed.

Indian Rookie Doing Fine as Starting Hurler

Stigman Follows Win Over Yankees with 6-Hitter to Orioles

By THE ASSOCIATED PRESS

Dick Stigman, the rookie who went sour as a reliever, has been nothing but a winner now that the Cleveland Indians have given him another chance as a starting pitcher.

The lanky lefty followed up a four-hit victory over the New York Yankees with a 5-3 job on Baltimore Wednesday night, giving up just six singles as the Indians edged ahead of the Orioles into second place in the American League race.

Cleveland is one percentage point above the Orioles, but the Birds, who have lost three straight, are a half-length ahead in the "games behind" column since they've played more games. They're 1½ games back of first-place New York. The Indians trail by two.

The Yankees stayed with it by whipping Kansas City 10-0 as Roger Maris belted two more home runs and Jim Coates won his 13th straight, nine this season, with a three-hitter.

Last-place Boston defeated Detroit 4-2. Chicago's game at Washington was rained out.

Stigman, who beat the Birds and Jerry Walker (2-1) with a two-run single in the fourth inning, now has a 4-4 record—3-1 as a starter.

Coates, getting his usual support from the Yankees, put away the first low-hit game and second shutout of his somewhat fantastic 15-1 major league career. He walked two, struck out six and allowed nothing but singles.

Clete Boyer also homered for the Yankees, who have scored 104 runs in Coates' 12 starts this season—an average of almost nine runs a game. Both of Maris' homers, each with a man on, came off Ray Herbert (3-8) and upped his major league leading total to 24. He also leads the AL with 62 runs batted in.

Two-run homers by Ted Williams and Russ Nixon ended Boston's latest losing string at five and handed Jim Bunning his fifth defeat in 10 decisions. Williams socked the 504th homer of his career and 12th of the season in the first inning, then singled ahead of Nixon's winning home run in the sixth. Bill Monbouquette (7-7) was the winner.

No one's calling the St. Louis Cardinals cheap, you understand, but they set aside just one locker in the clubhouse for more than half of their pitching staff. It's the one with Lindy McDaniel's name on it.

The lean right-hander has figured in 17 of their 33 victories—saving 14 and winning three. And he's streaking along with an 0.64 earned run average, allowing just three runs in 42 1-3 innings of relief.

The one-time $50,000 bonus kid hung up his seventh consecutive save Wednesday night, nailing rookie Ray Sadecki's second major league victory in a 5-2 decision over Cincinnati that put the Cards back in fourth place in the National League race.

The second place Milwaukee Braves, 2½ games out of the lead, split a doubleheader with the last place Chicago Cubs. The Braves lost the opener 3-2 then won the second game 3-1. First place Pittsburgh and San Francisco were rained out.

Los Angeles tied Cincinnati for fifth place by sweeping Philadelphia 6-3 and 5-2 in a twi-night doubleheader.

Second Coach Resigns Post At Washington

Marvin Merritt, 29, became the second coach to resign from the Washington C. H. High School Athletic Department within two days.

Merritt presented his oral termination Tuesday. His request to be relieved of coaching duties came on the heels of Athletic Director and Head Football Coach Fred Domenico's resignation, accepted by the WCH Board of Education Monday night.

Merritt said his reasons for quiting basically were the same as Domenico's. Domenico said events during the past three years and the outlook for the athletic program were such that he feels he could accomplish none of his aims.

A 1948 graduate of Washington High School, Merritt was head baseball coach, reserve basketball coach and line coach for the grid team the last three years.

MERRITT said he plans to remain at WCH as a teacher. He conducts courses in science, mathematics and physical education.

His resignation cuts the WCH coaching staff in half, leaving only Gene Millard and William Siemer. Millard is head basketball coach and backfield mentor for the football team. Siemer tutors freshmen groups in football, basketball and track.

Special Night Set at Scioto

July 4 is Freedom Night at Scioto Downs. The management of Scioto Downs has established free admission through Gate No. 2 into the grandstand area for the holiday night.

Post Time for the nine race card on the 4th will be 8:15 p. m., and fans can reserve grandstand seats by calling TEmple 3-1361.

The main event on the nine race program is the $4,000 14 class trot. Early pre-race choice is La Belle, the easy - gaited daughter of Guy Ambassador that currently holds the track trotting mark of 2:03 1-5.

But the big trotting mare, trained and driven by Dick Buxton will have no easy time of it in the feature event. Her toughest opposition figures to come from Chet Lynn Hayes with a record of 1:59 3-5, owned by I. J. Collins of Lancaster, and Miss Coaltown, owned by Ben Falter of Columbus.

Also expected to start are Deacon Dean, Ivanhoe, Kayway, Merrie Chester, Pepper's Joy, Red Blaze, Solo Song and Spud.

Young Card Hurler Proves Jinx to Reds

ST. LOUIS, Mo. (AP)—The St. Louis Cardinals' young Ray Sadecki may not be much of a problem for the rest of the National League but he has become a king-sized headache for the Cincinnati Reds.

Back on June 15 he pitched his first complete major league game and won his first game by holding the Reds to three hits and beating them, 6-0.

Wednesday night, he won his second game. He held the Reds to four hits and beat them 5-2 with a helping hand from Lindy McDaniel in the ninth. The heat and humidity had taken its toll of the 19-year-old youngster.

McDaniel got the Reds out in order after Wally Post opened the ninth with a home run.

Sadecki was only half of a rough combination the Reds faced. The other half was 39-year-old Stan Musial, who had two hits and drove in two runs. The night before Musial had three hits against Cincinnati pitching.

The Reds' troubles with Sadecki weren't their only ones.

It was learned Manager Fred Hutchinson and others in the Cincinnati front office aren't happy because pitcher Jim O'Toole plans to marry Mary Ann Wall Saturday.

The Reds' bosses wanted him to wait until after the season ends but he wouldn't hold still for it because he wants to re-enter college in the fall to finish work toward a degree.

So the wedding will be held Saturday but O'Toole will have to pitch Sunday.

"It's his turn," said Hutchinson.

Circleville Pacer Ends Jinx at Scioto Downs

COLUMBUS, Ohio (AP)—Jerry H., owned by Clarence W. Helvering of Circleville, broke his Scioto Downs jinx by posting his first win of the season Wednesday night in the featured seventh race, a $1,000 Class B pace.

Trained and driven by Jim Mace, Jerry H. broke from the No. 7 post position, moved up to fourth at the half-mile pole and beat Misdemeanor by a length-and-a-half in 2:04.

Jerry H. paid $13.60 to win.

Pro Grid Loop Loses Third Legal Round

NEW ORLEANS (AP) — Halfback Johnny Robinson of Louisiana State has his freedom today from the Detroit Lions after a court battle that a judge called "another round in the sordid fight" for football talent.

Federal Dist. Judge J. Skelly Wright ruled Wednesday an agreement the ace LSU runner and pass catcher signed with the Lions Dec. 2 was not a binding contract.

This left Robinson free to play with Dallas of the new American Football League, a team he signed a contract with after playing in the Sugar Bowl last New Year's Day. Detroit sought a court order to stop Robinson from playing for anyone else.

The ruling dealt the National Football League another severe setback, its third in as many weeks.

A federal judge in Los Angeles released All-America halfback Billy Cannon, Robinson's running mate for three years at LSU from a Los Angeles Rams' contract, and last week Judge Claude Clayton, in Oxford, Miss., ruled the New York Giants had no legal hold in its agreement with All-America fullback Charlie Flowers of Mississippi.

The fight for talent, Wright said in his written decision, "begins before these athletes enter college and follows them throughout their professional careers."

And this battle, he continued, has conditioned the minds and hearts of the athletes involved "to repudiate an agreement the following day or when a better offer comes along."

Kansas Mare Wins Hamilton Handicap

HAMILTON, Ohio (AP)—Monticello June, a 5-year-old bay mare, had a neck and neck battle with two rivals all the way Wednesday night but finished on top in the featured Class C 1-B handicap race at Hamilton Raceway.

Monticello June, owned by Hugh Dennis of Eureka, Kan., and driven by Billy Black, covered the mile in 206 4-5 and paid $10.60.

Illinois Golfer Gets Birdie, Bogey on Hole

EUREKA, Ill. (AP) — Golfer Gordon Linn got a bird and a bogey on the same hole at Kuffman Park golf course.

Linn's 5th hole drive Tuesday hit a sparrow flying across the course. That stopped the ball about 150 yards out and he had to take a stroke over par to finish the hole. The sparrow was killed.

NOTICE
SHERIFF'S SALE OF REAL ESTATE
Court of Common Pleas

In pursuance of an Order of Sale in Partition issued out of the Court of Common Pleas of Pickaway County, Ohio, wherein Floyd J. Tootle, Plaintiff and Charles E. Jeffries et al., Defendants, and being Cause No. 22743 in said Court, I will offer at public sale, at the door of the Court House in said Pickaway County, Ohio, on Monday the 11th day of July 1960, at 2:00 o'clock P. M., the following described real estate, situate in the County of Pickaway and State of Ohio, and in the State of Ohio to wit:

FIRST TRACT:

Situate in the County of Pickaway, in the State of Ohio and in the Village of New Holland, and bounded and described as follows, to-wit:

Beginning at a stone in the south side of Front Street of said town, and a corner to G. L. Toy's lot of land (formerly owned by T. C. Mortimore), thence with the south side of said street S 66 degrees 12' W. 5 poles to a stone directly opposite to the east line of High Alley of said town; thence S 23 degrees 48' E. 16½ poles to a stone, corner to a private alley owned by Samuel Coover; thence S. W. one poles to the northeast corner of the school lot of land; thence with a line of said school lot and with a line of John Lewis lot S 23 degrees 48' E. about 20 poles to a stone, corner to said John Lewis lot and in a line of George Tallman's lands; thence with said Tallman's line N 66 degrees 12' E about 18 poles to a stone; thence with a line of James Brown land N.W. about 20 poles to a stone, corner to L. T. McDonald's lot of land; thence with his line south-westerly about 9 poles to said McDonald's most southwesterly corner; thence with another line of his southwesterly 8 poles to G. L. Toy's most southeasterly corner of the lot; thence with his line southwesterly 3 poles to the stone being his southwest corner; thence with another of his lines northwesterly 18½ poles to the beginning, containing about 3 1-3 acres of land, more or less, being a part of G. Lively's Survey No. 4138, save and except from the above described real estate one parcel of land sold and conveyed to Peter Wendle, and one parcel sold and conveyed to Lock Highland. Being the same premises conveyed to the said Bertha C. Ferguson by Julia F. Ferguson by deed dated May 26, 1892, recorded in Volume 63, Page 379, Deed Records of Pickaway County, Ohio.

Also except the premises conveyed by the following deeds, to-wit: From Scott Taylor and others to William Mitchell, dated August 22, 1911, recorded in Deed Books 89, at page 22; from Scott Taylor and others to Rose Clevinger, as Guardian, dated February 25, 1914, recorded in Deed Book 92, at page 61; from Scott Taylor and wife to M. C. Jeffries, dated October 13, 1914, recorded in Deed Book 92, at page 432, and from M. G. Jeffries and wife to William Mtichell, dated November 20, 1926, recorded in Deed Book 105, at page 564, reference to the record of said deeds in said County is hereby made for greater certainty. Said premises located at 31-33 East Front Street, New Holland, Ohio.

SECOND TRACT:

Situate in the County of Fayette, in the State of Ohio and in the City of Washington C. H., and bounded and described as follows, to-wit:

Being the East Half of Lot No. 310 of J. S. Bereman's Addition to the City of Washington C. H. Ohio and a part of Lot No. 160 in M. V. Rawling's Addition to said City of Washington C. H., said premises having a frontage of 41½ feet on Temple Street and extending back along an alley the same width to an alley, reference being hereby made to the recorded plats of said Additions for more particular description, and being the same premises conveyed to Francis M. Shateen by deed from Louis M. Sauer September 3rd, 1929, and recorded in Fayette County Deed Records, Volume 54, page 150.

Said premises located at 722 East Temple Street, in the City of Washington C. H., Ohio.

Said Premises Appraised at FIRST TRACT APPRAISED AT $8,000. SECOND TRACT APPRAISED AT $8,000.00

Terms of Sale: Each Tract to be sold separate: Ten per cent (10) of the purchase price in cash upon day of sale, balance upon confirmation of sale and delivery of deed. Each said Tract cannot be sold for less than two-thirds of the appraised value thereof.

NEW YORK (AP) — Mother—young and middle-aged, slim and comfortably rounded—is the most frequent figure in TV commercials, a research firm has concluded. But in commercials as in real life, women must be handled with care.

For instance, says the current buleltin of Schwerin Research Corp., "commercials that depict mother confronted by mountains of dirty clothes and skyscrapers of unwashed dishes have usually failed—and often boomeranged."

Not only do homemakers dislike commercial stress on the drudgery involved in daily routine, but they don't like ones that depict mother as an incompetant before she bought the product.

Researchers also found that commercials depicting mother as a "super-efficient jill-of-all-trades" failed to do well (that means that they failed to sell the product, of course) because they were not believed by the ladies but disliked by their viewing husbands who shrink from the idea of dominating wives.

What does go down well with the women in the TV audience is the "maternal mood commercial" — mother and child in a peaceful, romantic setting with mood music, says Schwerin. Another successful approach to mother's pocketbook is the sort of commercial which shows—for instance—a listless child restored to normal happy energy. But this can be overdone: A commercial which definitely was not effective, showed a once-tired child restored to such bursting energy he was dragooning mom into a set of table tennis.

As the last holiday Roman candle dies in the sky, TV will start setting off its convention fireworks. There's a raft of "pre-convention" build-up shows scheduled all next week. I'm already so tired of politicians it was nice Wednesday when Dave Garroway devoted about five minutes of "Today" to looking at a live rattlesnake.

Recommended tonight: "Summer in New York," CBS, 10-11 (Eastern Daylight time)—a Phil Silvers comedy show, with Carol Haney and Carol Lawrence.

McGohan Wins Ohio Junior Links Crown

MARION, Ohio (AP) — Sinclair College, YMCA school in Dayton, is about to get a new student who under pressure plays, pitches and putts like a pro.

He's 19-year-old John McGohan, 1958 graduate of Miamisburg High School, who Wednesday won Ohio's 19th junior golf championship with a record score—and picked up a $400 college scholarship.

John fired a 71-72—143, one over par, in two jaunts over Marion Country Club's 6,086-yard par 71 course to snatch the crown by a three-stroke edge over Bob Littler Jr., 16, of Athens who had 73-73—146.

McGohan has been working for an industrial concern in Dayton, but said the $400 will permit him to go to college at nights while he continues on his daytime job.

'I needed that scholarship, so I gave it all I had," he said after his two fine rounds. He scored eight birdies, 20 pars and missed par eight times—once for a double bogey when his tee shot strayed into a pond.

Tom Wagner of Middletown was third in the field of 101 with a 148 score. He bogied the 35th and triple-bogeyed the 36th to surrender second place to Littler.

At 150, in fourth place, was St. Clairsville's James Brown, last year's victor in the "15 and under" division. Next, at 151, were Dick Ross of Springfield, whose brother Bob won the tournament twice, and Bill Ritter of Middletown. Roland Gates of Cuyahoga Falls, who tied McGohan at 71 for the first round lead, had a second round 81 to deadlock John Timmons of Greenville for seventh at 152.

In the "15 and under" class, 14-year-old Denny Gallagher of Columbus registered a 74-76—150 to win—a score which would have been good for a fourth-place tie in the senior division which included boys up to 19.

Some other scores:
Brent Bell, Circleville, 80-79-159
Gary Carter, Wilmington, 85-76-161
Mike Noftsger, Wilmington, 84-90-174
Bill Cowgil, Wilmington, 86-83-169

BACK TO BRAVES—A dozen years ago Al Dark broke into the majors with the Boston Braves. Since he has been with the Giants, Cards, Cubs and Phils but he's back with the Braves now after purchase by Milwaukee from Philly.

McGohan Wins Ohio Junior Links Crown

MARION, Ohio (AP) — Sinclair College, YMCA school in Dayton, is about to get a new student who under pressure plays, pitches and putts like a pro.

He's 19-year-old John McGohan, 1958 graduate of Miamisburg High School, who Wednesday won Ohio's 19th junior golf championship with a record score—and picked up a $400 college scholarship.

John fired a 71-72—143, one over par, in two jaunts over Marion Country Club's 6,086-yard par 71 course to snatch the crown by a three-stroke edge over Bob Littler Jr., 16, of Athens who had 73-73—146.

McGohan has been working for an industrial concern in Dayton, but said the $400 will permit him to go to college at nights while he continues on his daytime job.

'I needed that scholarship, so I gave it all I had," he said after his two fine rounds. He scored eight birdies, 20 pars and missed par eight times—once for a double bogey when his tee shot strayed into a pond.

Tom Wagner of Middletown was third in the field of 101 with a 148 score. He bogied the 35th and triple-bogeyed the 36th to surrender second place to Littler.

At 150, in fourth place, was St. Clairsville's James Brown, last year's victor in the "15 and under" division. Next, at 151, were Dick Ross of Springfield, whose brother Bob won the tournament twice, and Bill Ritter of Middletown. Roland Gates of Cuyahoga Falls, who tied McGohan at 71 for the first round lead, had a second round 81 to deadlock John Timmons of Greenville for seventh at 152.

In the "15 and under" class, 14-year-old Denny Gallagher of Columbus registered a 74-76—150 to win—a score which would have been good for a fourth-place tie in the senior division which included boys up to 19.

Some other scores:
Brent Bell, Circleville, 80-79-159
Gary Carter, Wilmington, 85-76-161
Mike Noftsger, Wilmington, 84-90-174
Bill Cowgil, Wilmington, 86-83-169

BACK TO BRAVES—A dozen years ago Al Dark broke into the majors with the Boston Braves. Since he has been with the Giants, Cards, Cubs and Phils but he's back with the Braves now after purchase by Milwaukee from Philly.

Cherries Ripe, So Bass Bite In West Part of Lake Erie

COLUMBUS, Ohio (AP)—There is a saying among anglers in northern Ohio that "when the cherries are ripe on the Catawba Peninsula, then it's time to go white bass fishing."

And for the last two weeks, the Wildlife Division reports, the fishing for white bass has been good, and is continuing so.

Traditionally, the best white bass fishing time is during June, and some years it extends well into July. Food fishing usually begins in the island area of western Lake Erie. After a slack period, white bass schools are found again in August, or at the time when diving gulls and terns will disclose a feeding school.

Hot spots the last couple of weeks have been around Starve Island and on the west reef of North Bass.

It will be first come, first served for sportsmen who desire a day of waterfowl hunting this fall at state-owned Magee Marsh in Ottawa County. There are 28 blinds for which 168 permits could be issued weekly. Each applicant granted a permit could bring a guest.

Sportsmen's applications must not be postmarked before Aug. 1 and must contain a certified check or a money order for $10. This fee is for two persons and was set by the last Legislature to pay for services given to the duck hunters.

Ohio's pheasant broodstock is slightly below last year's level, according to a summary of the 1960 spring pheasant survey. In much of the better pheasant range, broodstock was down 10 to 15 per cent from last year.

The findings were based on the rural mail carriers' survey and the spring audio-visual pheasant survey. More than 1,000 rural mail carriers in 86 counties cooperated in the two week survey, April 4 to 16.

Rabbit numbers were found to be down 20 to 30 per cent.

Charles Seldon, fish management supervisor at Sandusky, said the commercial fishing reports this spring disclosed some interesting facts. The total catch was down drastically in March compared to last year due to the lingering of ice on the lake. Much of this slack was taken up, however, by the good fishing that took place in April.

"Carp landings were up significantly," Seldon said. "Nearly a million and a half pounds were taken this April compared to 85,000 pounds for the same month last year. Catfish and white bass landings were also increased.

"While the commercial netters noticed large numbers of year-old walleyes, also called pickerel, the harvest of legal-sized fish was down about 50 per cent from the preceding April."

Mosquito Creek Reservoir in Trumbull County is shelling out walleyes at a record rate, Wildlife Division men in that area report. Over a recent weekend, 553 walleyes were actually reported to gam protectors and boat operators. It was estimated by game wardens that at least 1,000 walleyes were caught from this 7,850-acre reservoir during this one weekend.

Ohio anglers have caught more than 200 rainbow trout of a total experimental stocking of 1,100 in Mad River, District 6 Wildlife employes report.
